2. "Kanchikaberi," by Babu Ram Sankar Ray (75 pages).
3. "Bhagbat Tungi," by Durmuk Sarma (138 pages).

(2) The following are the tests prescribed for the two grades of examination:—

Grade I.—The Higher Standard of Departmental Examination.

A.—Transliteration. Reading current handwriting in the vernacular.*

A document of the more difficult description of office papers, selected and lithographed by the Central Examination Committee, shall be transliterated into the Roman character according to the system prescribed in the Circular order of the Central Examination Committee No. 254, dated the 3rd November 1902. Special marks will be assigned for the correct use of this system.

B.—A written translation from the vernacular into English.

The paper should contain passages both from the prescribed text-books and from an unseen official document. The passage selected from the latter should be a brief on †

C.—A written translation from English into the vernacular.*

(*i*) Passages translated into English from the text-books by the Central Examination Committee shall be re-translated into the vernacular by the examinee.

(*ii*) A brief passage from an English judgment† or other official document of somewhat difficult nature, selected by the Central Examination Committee shall be translated into the vernacular by the examinee without assistance and in a generally correct manner.

* The Hindi books prescribed are in the Devanagri character, but the candidate should write in Kaithi, and the official document for translation and transliteration will be in that script.

† In the case of officers of the Public Works Department "the judgment or other official document" will, if possible, relate to matters with which such officers are likely to have to deal.

D.—*Viva voce* examination in the vernacular.

(*i*) The examinee shall be tested in conversation with several Indians of various classes in such a manner as to satisfy the Local Committee of his power of making himself understood by them, and of explaining himself with clearness and sufficient propriety in the vernacular in an argument or topic of some difficulty. The text-books may furnish topics for conversation.

(*ii*) The examinee shall be made to translate orally to the local Committee a passage from one of the text-books, the passage to be translated being first read aloud by him in the vernacular.

(*iii*) An ordinary piece of English narrative prose, *e.g.*, the deposition of a witness, shall also be handed to him, and after being allowed to read it through he shall be required forthwith to give a fluent oral translation of it.

Note.—In the oral translation it is essential that the candidate should show his ability to give what to a native listener would be an intelligent version of the piece set; literal accuracy need not be insisted on, but a substantially correct rendering of all points should be required. It is not necessary that each candidate should translate the same piece, as it is not necessary that the *viva voce* examination of each should involve the same conversation.

(3) Officers other than those named in clause (1) above who are examined under these rules will not be examined in the prescribed text-books, but they will be required to satisfy all these four tests, and separate papers from unseen official documents will be set for them.

(4) The maximum and the pass marks assigned to each branch of the examination and the time allowed for the papers are subjoined:—

Subjects of examination.	Maximum marks.	Pass marks.	Time
1	2	3	4
1. Transliteration	20	10	1 hour.
2. Translation from Vernacular	20	10	2 hours
3. Ditto English	20	10	Do.
4. *Viva voce* examination, Part (*i*)	20	10	20 minutes.
5. *Viva voce* examination, Part (*ii*)	10	5	
6. *Viva voce* examination, Part (*iii*)	10	5	

Grade II—The Lower Standard of Departmental Examination.

(5) For this examination the tests shall be the same as the above, but the papers shall be less difficult. The proportion of marks to be obtained in order to pass, and the time allowed for the papers, shall be the same as for the higher standard above described. The principal object of this examination shall be to test the proficiency for practical purposes of the examinee in such language.

GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 2504.—The 3rd July 1911.—The following Resolution of the Government of India, Department of Education, is republished for general information.

J. G. CUMMING,
Secy. to the Govt. of Bengal.

Nos. 218—236, dated Simla, the 2nd June 1911.

RESOLUTION—By the Government of India, Department of Education.

THE Government of India have had for some time under their consideration the question of the arrangements to be made for Presbyterian and Wesleyan services for troops in those military stations in India in which the only, or the principal, Government church has been consecrated for the celebration of divine service according to the rites and ceremonies of the Church of England. The Metropolitan and other Bishops of the Church of England in India have from time to time permitted churches so consecrated to be used for Presbyterian and Wesleyan services on certain conditions, but the arrangements made have not proved entirely satisfactory to all concerned. The authorities of the Church of England and the Church of Scotland have laid before the Secretary of State proposals for a final settlement of the difficulties which have arisen in the past, and the Government of India are now in a position to announce the arrangements which are explained below.

2. All military stations to which British troops are liable to be sent will in future be divided, for the purpose of questions affecting church accommodation for troops, into three classes, namely :—

Class A stations.—Stations having a garrison of two or more full battalions, or of 2,000 men or more.

Class B stations.—Stations not included in Class A, where Scottish regiments are liable to be posted, which have a garrison of 750 men or more.

Class C stations.—All other stations.

3. The classification of stations will in all cases depend on the strength of the *permanent* garrisons allotted to them, and will be altered from time to time in accordance with changes in the distribution of British troops. Stations from which it is proposed to withdraw, or in which it is proposed to reduce, the British garrison will, for the present, be dealt with as though the withdrawal or reduction had already been effected. Classified lists of stations will be supplied to the authorities of the Church of England and of the Church of Scotland, and to the Superintending Wesleyan Chaplain at an early date.

4. In Class A stations in which there is not already available an unconsecrated* church sufficient for the services of all denominations alike, the Government of India consider that the Church of Scotland should be regarded as entitled to separate churches large enough for the parade service of a full battalion, and the Wesleyans to grants-in aid of separate churches large enough for the average number of Wesleyan troops ordinarily posted to the stations. In stations in this class they will arrange to construct, as early as possible, separate Presbyterian churches, where these do not already exist, and to enlarge those which are not in their opinion of sufficient size. They will consider applications for grants in accordance with rule 10 in Part V of the Rules published with the Home Department Notification No. 465, dated the 6th November 1909, in aid of Wesleyan churches in Class A stations.

5. In Class B stations in which there is not already available an unconsecrated church sufficient for the services of all denominations alike, and in which there is not already a Presbyterian church, the Government of India, though they cannot undertake to provide for the Church of Scotland churches large enough for the parade service of a full battalion, will be prepared to provide separate churches large enough for all services other than parade service. These churches, although the Church of Scotland will have the primary claim to them, will also be available, in stations in which there are no separate Wesleyan churches, for Wesleyan services, when arrangements for these can be made. When their use is desired, the Officer Commanding the station will consult with the Presidency Senior Chaplain concerned.

6. In Class C stations where there are no churches available for Presbyterian and Wesleyan services, arrangements will be made to provide church-rooms, set apart entirely for religious purposes and suitably furnished for the celebration of the Sacraments and other public ordinances of religion, whenever arrangements can be made to conduct Presbyterian or Wesleyan services.

7. When churches in Class B stations and church-rooms in Class C stations have to be used by both Presbyterians and Wesleyans, the Brigade Commanders will fix, after consultation with the Presbyterian and Wesleyan chaplains, the times at which they are to be at the disposal of the two denominations.

* As "unconsecrated" church shall be understood to mean a church not consecrated according to the rites of the Church of England.

8. No applications to Bishops of the Church of England for the use of consecrated churches for Presbyterian or Wesleyan services for troops are to be made in future save in accordance with the following rules:—

(1) All applications are to be made by Brigade Commanders on receipt of a request from the Presidency Senior Chaplain of the Church of Scotland or from the Superintending Wesleyan Chaplain, as the case may be.

(2) No applications are to be made in the case of churches in Class A stations after three years from the date of this resolution.

(3) No applications are to be made in regard to stations in which Government have provided unconsecrated churches available to, and sufficient for the services of, all denominations.

(4) In the case of Class A stations applications may be made, within the next three years, for the use of consecrated churches for all Presbyterian services when there is no Presbyterian church and for Wesleyan services when there is no Wesleyan church. Applications may also be made, within the same period, for the use of consecrated churches for parade service only, in stations at which the Presbyterian churches are not large enough for the parade service of a full battalion, provided Scottish regiments are at the time quartered in those stations.

(5) In the case of Class B and Class C stations applications may be made for the use of consecrated churches *for parade services* of Presbyterians and Wesleyans when either (i) there is no Presbyterian or Wesleyan church large enough for the parade service of Presbyterian or Wesleyan troops respectively in the station, or (ii) when, though there is such a church, the Brigade Commander informs the Bishop that it is situated at such a distance from barracks that its use for parade service would cause serious inconvenience or serious discomfort to the troops.

(6) In Class B and Class C stations applications may be made for the use of consecrated churches for services other than parade service in stations in which there are no Presbyterian or Wesleyan churches, and in which the separate accommodation indicated above has not yet been provided.

(7) In Class B and Class C stations applications may also be made in special circumstances for the celebration of the Communion and Baptismal services of the Church of Scotland, or of the Wesleyans, in a consecrated church as part of the parade service, and for the use of consecrated churches for marriages when special circumstances render it desirable, provided that the marriages are such as would be permissible by English law.

9. The Metropolitan and the Bishops of the Church of England in India have consented to grant applications for the use of consecrated churches for Presbyterian and Wesleyan services which are made to them in accordance with the above rules.

10. The care and disposal of the church furniture, ornaments, and instruments of divine worship, and the expenditure and control of the church establishment, will remain exclusively in the hands of the chaplain or clergyman of the Church of England performing the duties of chaplain.

When the use of a consecrated church is permitted, the Church of England chaplain, or the clergyman of the Church of England performing the duties of chaplain, will, under the Bishop's instructions and in communication with the Officer Commanding the station, who will ascertain the wishes of the Officer Commanding the regiment, and of the Church of Scotland and Wesleyan chaplains concerned, fix the hours at which the church is to be made available to the Presbyterian or Wesleyan congregation for parade and other services.

Classified list of Military stations in India to which British troops are liable to be sent for the purpose of questions affecting church accommodation for troops, referred to in paragraph 3 of the Department of Education Resolution Nos. 218—236, dated the 2nd June 1911.

No. 1540.—The following telegraphic correspondence between His Majesty the King-Emperor and His Excellency the Viceroy is published for general information :—

Viceroy to His Majesty the King-Emperor.

Telegram, 22nd June 1911.

With humble duty I beg to offer to Your Majesty and the Queen-Empress most loyal and respectful congratulations on behalf of myself and of the Government, and people of India on this very memorable and auspicious occasion.

His Majesty the King-Emperor to Viceroy.

Telegram, 22nd June 1911.

The Queen-Empress and I received with much pleasure the message you conveyed in your telegram from the Government and people of India on our Coronation day. Will you convey to them our sincere thanks and assure them that we appreciate their loyal sentiments ?

By order of the Governor-General in Council,

A. EARLE,
Secy. to the Govt. of India.

The following orders, issued by the Government of India in the Foreign Department, are republished for general information.

Simla, the 27th June 1911.

No. 1217-G.—The Governor-General in Council is pleased to recognise the appointment of Mr. P. Bruguiere as Acting Vice-Consul for Portugal at Calcutta.

The 30th June 1911.

No. 1339-I.B.—The following Regulations which have been recently revised by Command of His Majesty the King, Emperor of India, are published for general information :—

Regulations respecting Foreign Orders and Medals.

1. It is the King's wish that no subject of His Majesty shall wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either—

(*a*) By Warrant under the Royal Sign-Manual, or
(*b*) By private permission conveyed through His Majesty's Private Secretary.

2. Permission given by Warrant under the Royal Sign-Manual will enable the Insignia of the Foreign Order to be worn at all times and without any restriction.

Private permission will only enable the Insignia to be worn on the occasions specified in the terms of the letter from the King's Private Secretary conveying the Royal Sanction.

3. The full and unrestricted permission by Warrant under the Royal Sign-Manual is designed, subject to the exception mentioned in Rule 4 (*a*) respecting British Naval or Military Officers during hostilities, to meet cases where the Decoration may be said to have been earned by some valuable service rendered to the Head of the State conferring it or to the State itself. The private or restricted permission is contemplated for Decorations which are more or less of a complimentary character. In either case the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs.

4. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases :—

For a Decoration conferred—

(*a*) On an Officer in His Majesty's Naval or Military Forces lent to a Foreign Government ; on an Officer in His Majesty's Naval or Military Forces attached by his Government to a Foreign Navy or Army during hostilities ; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.

(*b*) On any person not at the time in the service of the Crown, who, while himself outside the limits of His Majesty's Dominions, has rendered valuable services to the Head of the State conferring the Order, or to the State itself, within the period of two years immediately preceding the notification of the Decoration to His Majesty's Government provided for in Rule 5. The term "service of the Crown" (*supra*) comprises any person holding a Royal Commission, or any person in receipt of a salary from public funds in the United Kingdom, or in any British Dominion, Colony or Protectorate.

(*c*) On any British subject employed in a Foreign Embassy or Legation in the United Kingdom.

5. The desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order, or the fact that he has done so, must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through his Diplomatic Representative at the Court of St. James. His Majesty's Principal Secretary of State for Foreign Affairs shall be under no obligation to consider claims that are not brought to his notice through one of these channels.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 4, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's license and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

7. When a British subject has received the Royal permission to accept the Decoration of a Foreign Order, he will, at any future time, be allowed to accept the Decoration of a higher class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Decoration, and common to every person upon whom such Decoration is conferred.

8. Medals which constitute a particular class of a Foreign Order are subject in all respects to the above Regulations in the same manner as higher grades of the Order, except that permission to wear will be given by Letter and not by Royal Warrant. The King's permission must be obtained for any other Medal to be worn. No permission is needed to accept a Foreign Medal if it is not intended to be worn.

9. Naval and Military Attachés to His Majesty's Missions abroad may, at the termination of their appointments, be given restricted private permission to wear, on certain specific occasions, the Insignia of a Foreign Order conferred upon them by the Chief of the State only in which their head-quarters were situated.

Foreign Office, May 8, 1911.

2. The Notifications of the Government of India in the Foreign Department, No. 1200-E.B., dated the 19th August 1898, and No. 1511-I.B., dated the 4th August 1909, are hereby cancelled.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below to the undermentioned estates, situated in the Magura subdivision in the district of Jessore, will be put up to sale at the Magura Subdivisional Office on the 8th August 1911, corresponding with the 23rd Sravan 1318 B.S. The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate is to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale is to be subject to the existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

The 18th January 1911.

C. H. STUART,

Offg. Presidency Postmaster,

THE INDIAN LAW REPORTS

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

No. 1074T.R., dated Darjeeling, the 3rd July 1911.

From—J. G. CUMMING, Esq., I.C.S., Secy. to the Govt. of Bengal, Revenue Dept.,
To—The Commissioner of the Bhagalpur Division.

I AM directed to refer to your letter No. 383L.S-G.—XXI-3-18, dated the 1st June 1911, in which you report that Thakur Pratab Narain Deo, of Lachmipur, in the district of Bhagalpur, has erected, at a cost of Rs. 25,000 during the year 1910-11, the head works necessary to divert the surplus water flowing from the river Chandon, of which he is the sole riparian proprietor, to the Kajhia Daur for the benefit of petty proprietors and tenants in the neighbourhood.

2. In reply, I am to request that you will be so good as to convey to Thakur Pratab Narain Deo, on behalf of the Lieutenant-Governor in Council, an expression of Government's high appreciation of his liberality and public spirit.

OFFICE MEMO. OF THE INSPECTOR OF SCHOOLS, BHAGALPUR DIVISION.

UNIVERSITY MATRICULATION EXAMINATION, 1912.

Test-examination of Private Students.

1. A student who has not attended any school for at least one year previous to the examination, or who has been transferred since the 1st September next preceding the examination, without the consent of the Inspector, to the school from which he appears, will be treated as a private student.

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination unless accompanied, for the purpose of identification, by some person known to the Head Master.

3. The first day of the test-examination in all zilla schools in the Bhagalpur Division will be the 11th December 1911.

4. Each private student will have to pay, on or before 30th November 1911, a fee of Rs 2 for permission to appear at the test-examination to the head of the Institution at which he appears The balance of fees, after payment of expenses (stationery, etc.), will go as remuneration to the examiners.

5. Candidates for the test-examination should apply to this office not later than the 20th November 1911. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who had failed at a previous Entrance or Matriculation Examination and did not join a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of the session 1910-11 and then left the school cannot under any circumstances be allowed to appear at the Matriculation Examination that will be held on the 4th March 1912 and following days.

7. Each candidate should submit with his application a statement showing—

(1) Age. No candidate who has not completed the age of 16 years on the first day of the month in which he appears at the Matriculation Examination will be allowed to appear at it.

(2) Residence.

(3) Father's name.

(4) Classical language.

(5) Vernacular language.

(6) Additional subjects.

(7) Whether he appeared at any previous Entrance or Matriculation Examination.

(8) A certificate signed by a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline.

8. *Bonâ-fide* teachers employed in any of the recognised schools in the Bhagalpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

9. The forms of application for permission to appear at the Matriculation Examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. Applications and fees (amounting to Rs. 12 in each case) for admission to the Matriculation Examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 20th January 1912.

Intermediate in Arts and Science, B.A. and B.Sc. Examinations, 1913.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognised High English schools in the Bhagalpur Division of three years' standing, *i.e.*, those who have served as such for full three academical sessions, will be admitted to the above examinations School-masters should produce certificates of character and length of service (with dates), and of diligent and regular studies from the managers of the schools in which they are employed. The applications must reach this office not later than the 15th January 1912.

2. Candidates for the B.A. or B.Sc. Examination must forward with the applications their F.A. or I.A. or I.Sc. certificates, and those for the I.A. or I.Sc. Examination their Entrance or Matriculation certificates, *together with a letter, in original, from the Senate of the Calcutta University, permitting them to appear at the examination.*

3. Candidates should read carefully the certificate which this office will have to sign and be careful to supply all information and documents required, without which the Inspector must decline to sign it.

CALCUTTA,
The 3rd July 1911.

G. W. KUCHLER,
Director of Public Instruction, Bengal.

NOTIFICATION.

The 10th July 1911.—A scholarship named "Chandra Mohan Basak Scholarship" has been founded by Babu Govinda Chandra Basak of Dacca to commemorate the name of his deceased father. The scholarship was first reserved for the Basak families of the town of Dacca, but it has since been extended to all the Basaks of the whole of Bengal.

Rules for the award of the Chandra Mohan Basak Scholarship.

1. The value of the scholarship will be Rs. 10 a month and it will be awarded by the Director of Public Instruction, Eastern Bengal and Assam.

2. It will be tenable for two years in any of the following Engineering College or Schools:—

(*i*) The Civil Engineering College, Sibpur.
(*ii*) Ahsanulla School of Engineering, Dacca.
(*iii*) Bihar School of Engineering, Patna.

The scholarship will run from the date of commencement of session of the institution in which it is held.

3. The scholarship will be held by one student at a time, and if a student fails to pass his examination or is found to misbehave within the term of his scholarship, he will forfeit his scholarship and it will be given to another qualified candidate. As a rule the scholarship will be awarded once in every two years.

4. The recipients of the scholarship may be divided into three classes:—

(*a*) Candidates from schools in the province of Eastern Bengal and Assam who, having passed the Matriculation Examination, join one of the institutions named in rule 2 to prosecute a course of studies for the Sub-Overseer Examination

(*b*) Those from schools in Western Bengal who, having passed the Matriculation examination of the Calcutta University, join an institution as in clause (*a*).

(*c*) Students who have passed the Sub-Overseer Course and read the Overseer Course in a school approved by Government. In the event of there being two Sub-Overseer candidates from the two provinces who desire to read the Overseer Course preference will be given to one standing higher in the pass list.

5. The scholarship will be awarded every alternate year for two years at a time successively to each class mentioned in rule 4, and when a candidate is not available in one class, it is to be given to one in the next class.

6. If no candidate is available in any class mentioned above, the scholarship may be given to a Basak candidate who has passed the Intermediate Examination in Arts or Science or B. A. or B. Sc. Examination and undertakes to prosecute his studies in an Engineering institution named in rule 2.

7. The scholarship will not be awarded to a candidate who has obtained a Government scholarship.

8. A small grant will be made to the recipient of the scholarship to help him to purchase his books and apparatus, provided that he can adduce satisfactory evidence of straitened circumstances.

9. Any disputed point arising hereafter with regard to the award of the scholarship or interpretation of these rules will be decided by the Director of Public Instruction, Eastern Bengal and Assam.

N. L. HALLWARD,
Director of Public Instruction, Eastern Bengal and Assam.

NOTIFICATION.

1911-12.

IT is hereby notified that of the 12 Junior Scholarships allotted to the Orissa Division, the four 2nd grade scholarships will be awarded to the four most successful students of the Division irrespective of districts or the Orissa Feudatory States on the results of the next Matriculation Examination. The eight 3rd grade scholarships will be distributed as follows:—

Cuttack (including Dhenkanal)	...	...	3
Balasore (including Mourbhanj)	...	...	2
Puri	...	...	1
Sambalpur (including Bamra)	...	..	2

2. Scholarships not taken up by the district to which they are allotted will be awarded to candidates from other districts standing next on the Divisional list.

3. In accordance with rule 3 of the revised Junior Scholarship rules, the abovementioned scholarships may, with the sanction of the Director of Public Instruction, Bengal, be held at any of the affiliated colleges or at any Government Medical School in Bengal which the holder may select.

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary, or to plough the land nearer than 3 feet from the same.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase money exceed Rs 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Commissioner confirming the sale.

IT is hereby notified, under section 5 of the Indian Treasure Trove Act, VI of 1878, that on or about 1st March 1911, treasure, consisting of a piece of gold, weighing 4¼ varaganidais, of the value of Rs. 27-8, was found in the field of one Sanga Padaiyachi of Dharmakudikadu, hamlet of Vasistapuram, in the Vriddhachalam taluk, South Arcot district, Madras Presidency.

2. All persons claiming the said treasure or part thereof are hereby required to appear personally or by agent before the Collector of South Arcot at his office at Cuddalore on Saturday, the 2nd day of December 1911, in view to the matter being enquired into or determined according to law.

M. AZIZUDDIN, Collector.

South Arcot Collector's Office, the 30th June 1911.

Notice.

THE Inspector-General of Police, Lower Provinces, is prepared to receive applications for appointments as Sub-Inspectors of Police from young men of respectable parentage who have passed the Entrance or Matriculation Examination of an Indian University, or the final "B" or "C" class examination of a Zilla or High School. Candidates must have a fluent knowledge of English. Preference will be given to graduates and undergraduates and to natives of a Commissioner's division in filling up the appointments allotted to it. A limited number of applicants who have obtained the B. L. degree will be appointed to a higher grade, and, if they subsequently give proof of a special aptitude for conducting prosecutions, may look for special promotion to the post of Court Inspector.

No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties, and that he is not less than 5 feet 3 inches in height and 30 inches round the chest.

II.—That he is of good moral character.

III.—That he belongs to a respectable family and is of good social standing.

IV.—That he will be over 21 and under 25 years of age on 1st January 1912.

(NOTE.—"Stuttering or stammering" is a constitutional defect, and represents a physical disqualification.)

Printed forms of application are obtainable in the office of all Superintendents of Police. Applications should be submitted to the Superintendent of Police of the district within which the candidate resides, Calcutta for the purpose of this rule being regarded as a part of the 24-Parganas district. Applications must reach the office of Superintendents of Police not later than the 30th September 1911.

Selected candidates will undergo a 42-weeks' course of instruction, commencing from 2nd January 1912, at the Police Training College This course will include drill, riding, gymnastics, instruction in taking finger-prints and police portraits, elementary surveying, and training in conducting prosecutions in Magistrates' courts and in other practical duties of an investigating officer.

At the end of the 42 weeks, candidates obtaining a certificate of proficiency will be posted to districts as probationers for two years. If at the end of that period they are pronounced competent and fit, they will be confirmed as Sub-Inspectors. During the period of instruction they will be subject to the rules and regulations of the Training College, and will receive Rs. 25 a month as salary On being passed out of the Training College, they will receive the full salary of the grade to which they are appointed.

The position of selected candidates in the Range lists from which promotions are made will be determined by the places obtained at the final examination held at the conclusion of the Training College term.

The nomination rolls of candidates rejected by the District Committee, the Deputy Inspector-General or the Inspector-General, will not be returned to them.

No. 1246 Medl.—The 13th July 1911.—The following report is published for general information.

H. WHEELER,
Secy. to the Govt. of Bengal.

Dated Darjeeling, the 12th January 1911.

From—MAJOR R. H. MADDOX, M.B., I.M.S., Superintendent, Eden Sanitarium and Hospital,
To—The Secretary to the Govt. of Bengal, Municipal (Medical) Department.
(Through the Inspector-General of Civil Hospitals, Bengal.)

I HAVE the honour to submit the following report on the working of the Eden Sanitarium and Hospital for the year 1910. Major R. H. Maddox, I. M. S., was in charge throughout the year.

2. The Sanitarium was opened on the 15th March 1910, and closed on the 10th November 1910.

3. The Hospital remained open throughout the year, and was occupied during a portion of the winter months.

4. The following table shows the number of each class of patients and friends admitted into the Sanitarium and Hospital during the last six years:—

ADMISSIONS.	1905.	1906.	1907.	1908.	1909.	1910.
First class	67	72	65	96	104	146
Intermediate class	79	107	73	65	73	78
Second class	189	207	230	233	178	206
Third class	125	108	122	151	117	136
Total ...	460	494	490	545	472	566

The following tables show the number of patients and their relatives and friend admitted during each of the last six years, together with the daily average sick:—

Patients.

YEARS.	1905.	1906.	1907.	1908.	1909.	1910.
Admissions	305	344	351	431	389	427
Daily average sick ...	35·69	28·93	33·68	26·7	24·85	30·05

Relatives and Friends.

Total number	155	150	139	114	88	139

The following table shows the total number of patients treated during the year:—

Males.	Females.	CHILDREN.		Total.	Cured.	Relieved.	Died.
		Males.	Females.				
180	167	35	45	427	413	8	6

It will be seen from the foregoing figures that the total number of admissions to the Sanitarium for the year is greater than any during the previous six years; in fact it is the maximum yet attained, the highest number of admissions recorded being 548 in 1901. All classes show an increase, though it is most marked in the first class in comparison with former years.

The daily average number of residents for the whole year works out to 35, though, for the eight months during which the Sanitarium is open, it is 52. The average stay of each resident is a little over three weeks.

Several times during the year the need for increased hospital accommodation was felt, but a project is now on foot to build another room to the hospital in memory of the late Mr. F. B. Baker, who served for many years on the committee of this institution. The necessary funds are being raised by his friends in the planting community. It was hoped that the room would have been ready for occupation when the Sanitarium reopens, but will have to be postponed till next winter so as to avoid disturbing the patients by building operations during the season.

There were no complaints from any of the residents, while all expressed satisfaction with the arrangements.

The localities from which residents were admitted are * * * . Calcutta with its suburbs and Darjeeling and its neighbourhood accounted, as usual, for the largest number of admissions.

5. *Free beds.*—Four free beds were maintained for convalescent patients from the Medical College and Presidency General Hospitals. They were occupied, on and off throughout the season, at a cost of Rs. 773 reckoned at 3rd class rates.

Two free cots were maintained throughout the year—one by the Theo-Beryl Fund, and the other by the Children's Ministering League of Darjeeling. No children were accommodated in the former, while five children received accommodation in the latter.

In addition to the above, the sum of Rs. 500 is allotted annually by the committee for free beds, to be expended at the discretion of the Superintendent. This was availed of to the extent of Rs. 356, a sum far in excess of any previous year, and, with a successful season, was more liberally availed of for deserving cases.

6. The rule whereby European Government servants in receipt of Rs. 400 or less can obtain 1st class accommodation, etc., by paying intermediate class rates, was availed of in a single case only.

No advantage was taken of the rule, granting a reduction in the rates to European assistants in commercial firms, banks, etc, who are annual subscribers

7. Donations and subscriptions, amounting to Rs. 426-11-6, were received during the year from the following sources :—

	Rs.	A.	P.
Tukvar Tea Co.	100	0	0
Darjeeling-Himalayan Railway Co.	100	0	0
The "Statesman"	25	0	0
Messrs. Hamilton and Co.	25	0	0
„ Ranken & Co.	25	0	0
„ T. E Thompson & Co.	25	0	0
„ Cooke & Kelvey	25	0	0
Collection by Hospital Sunday Fund	101	11	6
Total ...	426	11	6

The total expenditure on free beds amounts to Rs. 1,129, whereas donations and subscriptions amount to Rs. 426-11-6, leaving a balance of Rs. 704-4-6 to be met from other sources.

8.

I. There were eight cases of enteric fever and the same number in the preceding year. Of these, six were imported, while two were undoubtedly contracted in the station. There were two deaths from this cause, both of whom did not realise the seriousness of their complaint and were admitted to hospital towards the end of the second week of their illness.

II. There were 11 cases of malarial fever as compared with five cases in 1909 and 18 cases in 1908. There was one death from *Kala-azar*, which has been included under the heading of "Malarial fevers."

III. There were 39 operations performed during the year, against 41 the previous year.

IV. In 1909 there were 17 confinements, which constituted the largest number since the institutions were opened, but during the year under report there have been 19 cases. In two instrumental aid was necessary, while in a third the placenta and membranes had to be separated after delivery, without any subsequent bad effects.

V. There were six deaths during the year against six the year before. The causes were enteric fever 2, *kala-azar* 1, cirrhosis of liver 1, pericecal abscess 1, and suppurative peritonitis 1.

9. *Income and Expenditure.*—The total income in 1910 amounted to Rs. 53,056-6 as compared with Rs. 48,119-15-9 in the previous year.

The daily cost of diets for inmates, not including the staff, was Rs. 1-10-6 compared with Re. 1-10-9 the year before.

The accounts were audited by Messrs. Lovelock and Lewis, whose letter giving result of audit and statements, showing the financial position, are attached.

10. *General remarks.*—Military Assistant Surgeon W. J. Marshall was Resident Medical Officer throughout the year. I am very glad to be able to record the excellent work done by this officer during the year, both professionally and in the general working of the institution. Mr. Marshall has won the gratitude of all the inmates by his care and kindness, and I must thank him for the assistance he has given me on all occasions.

Mr. Richardson has kept up his reputation for his excellent catering, and I have much appreciated his work, both in keeping down expenses and in his untiring efforts to make the institution popular. He has taken excellent care of all the departments under his charge.

I regret that this is the last year that the institution will have the benefit of the services of Munshi Abdul Karim. He has been here since the institution was opened (1883) and his work has been much appreciated and frequently praised by the committee and all my predecessors. The committee has granted him a pension, and it is to be hoped he may be spared for many years to enjoy it.

The nursing arrangements and linen were, as in former years, under the supervision of two of the Clewer Sisters from Calcutta, whom I have to thank for their very valuable help.

The customary annual repairs were carried out and, in addition to the ordinary renewals of furniture, crockery, linen and drugs, the committee have sanctioned Rs. 1,800 for linen and bedding and about Rs. 2,000 for crockery and table requisities to be spent before next season, to replenish the deficiencies of several previous years.

The following improvements were carried out during the year :—

The second class dining-room was converted into a billiard-room by throwing out the side walls, and though it has some disadvantages, is well patronized by the residents.

The partition wall dividing what was the billiard-room from an adjoining room, which was also used as a second class dining-room when there was insufficient room to accommodate the number of residents in the dining-room proper, was dismantled and made into one large dining-room for intermediate and second class residents. It is also used as a recreation-room by these classes, there being no other room available.

Similarly, the first class sitting room was enlarged and is now a splendid large room in which several social evenings and concerts, organized by Mr. Richardson, the Steward, have been held, the proceeds of which were utilised in purchasing a new piano.

A room, that had been allowed to go unoccupied and was used for storing records, was partitioned off and provided accommodation for two more residents or for the two Sisters, it being conveniently situated close to their sitting room and chapel.

Quarters for 12 servants have almost been completed and will be ready for occupation when the Sanitarium reopens. These quarters have been built to replace those dismantled in 1905 to make room for the kitchen. The Government of Bengal sanctioned Rs. 4,000 and the Sanitarium contributed Rs. 1,094 towards the construction of these quarters.

Osram lights and transformers were installed in place of the ordinary 16 c.-p. lamps and, in consequence, the lighting is much improved.

No. 297-Medl.—P.—The 17th July 1911.—The following notification issued by the Government of Madras, prohibiting the attendance of persons from certain plague-infected areas at Tirumalai, Tirupati and Tiruchanur in the Chittoor district during the Brahmotsavam festival of Sri Venkateswaraswami, is republished for general information.

H. WHEELER,

IRRIGATION DEPARTMENT.

The 18th July 1911.

No. 9.—Notification.—In exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), and in supersession of all previous notifications under those sections for the Sone Canals [except Notification No. 148, dated the 20th June 1881, published at page 637 of Part I of the *Calcutta Gazette* of the 22nd June 1881, which shall remain in force for the purposes of rule 71 (*g*) annexed to the present notification], the Lieutenant-Governor in Council is pleased to make the following rules for the Sone Canals.

17th, 24th and 31st May, and 7th, 14th and 21st June 1911.

A draft of these rules was published in the *Calcutta Gazette* of the dates noted in the margin as notification No. 4, dated the 15th May 1911.

T. BUTLER,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The Collector, before awarding compensation under section 16 or 76 (*c*) or making a reference under section 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of proceedings.

2. Except as provided in Act III (B.C.) of 1876 (the Irrigation Act) and these rules, no appeal shall lie from any order passed by a Canal Officer or the Special Deputy Collector in charge of the Revenue Division of the Sone Canals who has been vested with the powers of a Collector under the aforesaid Act. The Sub-Divisional Canal Officer, however, shall modify any order passed by him in accordance with the orders of the Divisional Canal Officer. The Sub-Divisional and the Divisional Canal Officers and the Special Deputy Collector in charge of the Revenue Division of the Sone Canals, shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer. The Superintending Canal Officer is empowered, and expected, to exercise a general control over the proceedings of all Canal Officers and of the Special Deputy Collector, the Sub-Deputy Collectors, and all other officers attached to the above-mentioned Revenue Division of the Sone Canals.

3 It will be the duty of the Superintending Canal Officer to issue orders on the following points:—

I.—The limits within which water will be available during the *kharif* season—(*a*) for annual leases; (*b*) for leases for a term of years.

II.—The distributaries from which water will be supplied during the hot season.

III.—The distributaries from which water will only be supplied during the *rabi* season at the rate (*see* Schedule III) ordinarily charged.

IV.—On sufficient cause being shown, to prohibit the issue of permits for the irrigation of land in specified localities generally or during the *kharif* season only.

Such public notice as is practicable will be given of the instructions under this rule as long as is possible before they are enforced.

4. Appeals to the Collector under section 91 of the Act, other than those specially provided for in rule 37, will ordinarily be from an order passed by the Divisional Canal Officer. The Collector may, when the order passed involves (I) the alignment of a village channel, (II) the refusal of the Divisional Canal Officer to accept a block as suitable for the issue of a permit for *kharif* irrigation, require the Superintending Canal Officer to state his opinion in writing, which shall form part of the record of proceedings in the case.

ON VILLAGE CHANNELS.

5. The Canal Officer shall prepare a list of channels which, previous to the 1st of April 1891, have been ordinarily used as village channels, and enter them in a register prepared in the manner prescribed in Part V of the Act.

6. A village channel which was constructed after the 1st of April 1891, or which had not ordinarily been used as a village channel before that date, shall not be entered in the register except at the written request of the owners of it. Water shall not be supplied for irrigation during the *kharif* season through any channel other than one which has been entered in the register.

7. Village channels which may be constructed in future shall not as a rule exceed one mile in length; the length being measured in a straight line from the outlet to the boundary of the part of the village which the channel is intended to irrigate.

8. The sum fixed by the Canal Officer as rent under section 68 of the Act shall not be less than half an anna, and shall not exceed four annas per bigha assessed with water-rate.

ON LAMBARDARS.

9. In every permit issued under section 75 of the Act other than those issued under rules 18 or 19 following, the name of one or more persons shall be entered as *lambardar*, who will be responsible for discharging the duties mentioned below :—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area on any channel is complete.

IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

V.—Being present when complaints are investigated by a Canal Officer or subordinate, and giving information required in connection with the same.

VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

VII.—Reporting before the 20th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season, so that these cases may be investigated before water-rates are demanded.

VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of leases for a term of years.

IX.—Assisting the Collector by generally helping the collecting staff in the collection of water-rates.

(*See* also Superintending Engineer's Circular No. 7 of 1895.)

10. In the case of leases for the season, the remuneration for performing the duties mentioned in clauses I to VII and IX of the rule immediately preceding shall be 2 per cent. on the assessments (excluding fractions of rupees), which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

11. In the case of leases for a term of years, other than those entered into jointly with contractors, the remuneration to be paid to the *lambardar* for performing the duties mentioned in clauses I to IX of Rule 9 shall be 3 per cent. yearly on the assessment of the year (excluding fractions of rupees), which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

12. The *lambardar* will be appointed by the Sub-Divisional Officer in consultation with the applicants for the lease, and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants, or to a number of persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Sub-Divisional Canal Officer cannot agree with the applicants in the appointment of a *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years, the *lambardar* shall be nominated by the contractor.

13. The Divisional Canal Officer may, for reasons which appear to him to be sufficient, and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

14. The Divisional Canal Officer may, with the consent of the *lambardar*, by a written order, of which the *lambardar* shall be furnished with a copy, transfer to him the duty of controlling the supply of water through an outlet, and may, at any time, by a written order, recall such order. *Lambardars* to whom such control is transferred shall exercise such power, subject to such general written orders as they may receive from the Sub-Divisional Canal Officer, and shall receive one per cent. on the assessment in addition to the percentages prescribed in Rules 10 and 11.

15. The fees sanctioned to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable by him in the event of this condition not being complied with. In calculating the fees payable, fractions of an anna will be excluded.

(See Superintending Engineer's Nos. 3126—28 of 4th July 1896 with reference to retrenchments.)

ON APPLICATIONS.

16. Applications under section 74 of the Act for permits for irrigation upon leases for a term of years (Appendix I), or upon *kharif* season leases (Appendix III), shall be subject to the following conditions :—

I.—The application must be for a block of land having well-defined boundaries and so situated that adjoining lands will not ordinarily or probably be irrigated by water supplied for the land included in the application.

II.—The application must be in the form annexed to these rules, which states that water-rates will be paid on all lands contained in the block for which an application is presented, whether water or no water is required.

III.—The applications may be for a term of years, or for the season only—

(*a*) In case of application for the season only, the issue of the permit will not necessarily be delayed until the lands have been measured. The boundaries of the block must be stated in the application, which must be signed by, or by authority of, the cultivators of all the land included in the boundaries mentioned, and the approximate area in the occupation of each on the block must be specified. Water-rates will be charged on the areas in the block as found by actual measurement. An application for a permit for the season must be filed by the 1st September, but with the Superintending Engineer's sanction an application for a season lease may be entertained up to the end of the season.

(*b*) In the case of applications for a term of years, a permit will not be issued until the land has been measured and an application complete in every respect for all the land included in the block has been signed. All the leases within one group (a 'group' being defined as in Note II) shall be so granted as to expire on the same date. If water is required to be supplied before the application is completely signed in the manner specified above, an application for water for the season must be made, which will be cancelled on a permit for a term of years being issued.

NOTE I.—Superintending Engineer's Nos. 2940—42 of 26th June 1896 directs that "if applicants for a long-term lease, which is not signed before the 15th August, decline to apply for a season lease under Rule III*b* by that date, they should be informed that the long-term lease will not be granted during the year."

NOTE II.—A group is defined as consisting of a certain area of country mapped out in accordance with the features of the ground, natural or artificial.

NOTE III.—The leases granted for a term of years in a group will take effect from 1st April 1910.

(*c*) Notice that a permit for a term of years is required must be given by the 1st of April, but with the Superintending Engineer's special sanction the time may be extended where reasonable cause for the delay in filing the application for a long-term lease can be established. No permit will be issued unless the application is completely signed by the 30th of November, or, with the special sanction of the Superintending Canal Officer, by the 1st of March following.

NOTE.—Superintending Engineer's Nos. 1649—51, dated 13th April 1892.

IV.—With the special sanction of the Superintending Canal Officer an application may be made for an addition to a lease for a term of years, which, if granted, shall be considered as part of the original lease and terminate therewith.

16A. Applications (Appendix IVC) for a single watering between 26th June and 25th October may be entertained if water is available after meeting the demand for the areas leased under a term of years or for the season. The applications will be subject to the conditions prescribed for the *rabi* and hot weather seasons: see rule 17 below.

17. Applications for irrigation in the *rabi* season, 26th October to the 25th March, and the hot weather season, 25th March to the 25th June (Appendices IVA and B), will be subject to the following conditions:—

I.—The approximate areas of land for which water is required must be stated in the application, which must be signed by the occupiers thereof. It must be stated in the application that the water-rates will be paid on the area actually irrigated.

18. Applications for the sale of water by volume for purposes of irrigation will only be entertained on condition that half the amount chargeable is paid to the Sub-Divisional Canal Officer when the application is filed, and that a bond is executed in the form attached to these rules as Appendix V signed by substantial persons pledging themselves to pay such sums as will in the aggregate make up the remainder. The bond will not have reference to the area to be irrigated, but will be in consideration of a particular outlet being kept open for a specified time, and the sums mentioned therein will be recoverable on the certificate of the Canal subordinate that this condition has been fulfilled. Water will be supplied under this rule from the 1st of July to the 31st of October only.

19. Applications for the sale of water by volume for filling *aharas* will be in the form attached to these rules as Appendix VI. The entire charge will be payable in advance. Water will be supplied under this rule from the 1st of November to the 25th of March only.

ON PERMITS.

20. All permits for the use of water issued under section 75 of the Act shall be subject to the following conditions:—

I.—That the water is supplied for the sole purpose of irrigating the land mentioned in the application. The term "irrigating" includes the right to drain (*nigar*)

at the proper season of the year, previous notice being given to the sectional officer that the outlet is required to be closed. Under colour of *nigaring*, however, no right is conferred to irrigate culturable land for the purpose of sowing a crop or maturing any existing crop.

II.—That water will be supplied at the level at which it is ordinarily maintained in the distributary from which water is taken off, and that no earthen bunds or other works will be constructed to raise the level of the water in the distributary. No right to flow irrigation is conferred unless existing appliances admit of it.

III.—That a *lambardar* shall be appointed in the manner specified in Rule 12 to represent the interests of the cultivators and to perform the duties mentioned in Rule 9.

IV.—That the village-channel from which water is supplied is kept in a proper state of repair, so that water shall not be wasted.

V.—That water-rates are paid when due.

VI.—That water supplied for the irrigation of a specified block of land shall not, under colour of the permit, be utilized for the irrigation of land beyond the boundaries specified in application.

NOTE.—Where these conditions are infringed, appropriate penalties or disabilities to the extent specified in the Act or these rules will be enforced.

21. A permit shall not be issued where, in the opinion of the Canal Officer, waste is likely to occur. In the order refusing a permit on this ground, the manner in which it is apprehended that waste will occur shall be stated.

22. Permits for irrigation upon leases for a term of years (Appendix VIII) or upon *kharif* season leases (Appendix IX) shall be issued under the following conditions:—

I.—The land to be irrigated must form a compact block defined by well-marked boundaries of such a nature as clearly to distinguish leased from the adjoining unleased lands, and to preclude the possibility in ordinary circumstances of water escaping from the boundaries without obvious wilful cutting or demolition. They must be maintained in the same state of repair during the currency of the lease as existed when the permit was granted and also be so situated that unleased lands will not be ordinarily or probably irrigated by water supplied for the land included in the block. The boundaries must be mentioned in the application for a permit for the season, and in the notice referred to in Rule 16(*c*), when a permit for a lease for a term of years is applied for.

II.—The Canal Officer may exclude lands included in the block not irrigable by flow or for which canal water is ordinarily not required. In the case of permits for a term of years, the block must be not less than 50 bighas in area. In cases where the Divisional Canal Officer considers it advisable to grant a permit to a block of less area than that mentioned above, the previous sanction of the Superintending Canal Officer must be obtained. No permit for a term of years shall be issued unless the owners of the village channel from which water is to be obtained have been registered and the channel itself is in a good state of repair; such as to fit it for the conveyance of water without wastage occurring. Such leases will not be issued unless it is known from the experience of previous years' irrigation that a sufficient supply of water is always available, and that the quantity required is not excessive.

III.—A permit for a lease for a term of years may be cancelled by the Superintending Canal Officer with effect from a date to be specified in the order for good cause on the application of all the signatories thereto.

IV.—Permits for the season will be issued under less favourable conditions as to situation, soil and quantity of water available; it will not be necessary that the owner of the channel should be registered, but the channel itself must be entered on the register.

V.—Water-rates will be levied on the areas of the blocks specified in the permits, and measurement of the areas actually irrigated will not be necessary.

22A. Permits (Appendix XI) for a single watering during the *kharif* season from 26th June to 25th October may be issued under the conditions prescribed in Rule 23 (I) (II) (III) below, if water is available after meeting the demands for the areas leased under a term of years or for the season.

23. Permits for irrigation in the *rabi* and hot weather seasons, 25th October to 25th June (Appendix X), will be issued on the following conditions:—

1.—The applicants will undertake to give the *lambardar* notice to close the outlet as soon as the area requiring irrigation has received a sufficient supply of water.

II.—The applicants will undertake, as far as is practicable, to prevent water supplied being wasted or applied to the irrigation of fields not included in the application.

III.—Water-rates will be levied on the areas actually irrigated, and not on those specified on the application.

ON DISABILITIES AND PENALTIES.

24. At the request of the Collector, the Superintending Canal Officer may direct the Divisional Canal Officer to—

I.—Cease to issue permits for the irrigation of land in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially required, unless half the amount due for the ensuing year under future applications are paid up in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any lease for a term of years if, after the lapse of one month from the latest date of payment, the water-rates (except such as are irrecoverable under Rule 63) are in arrears.

25. The Divisional Canal Officer may, with the concurrence of the Collector and the sanction of the Superintending Canal Officer, cancel a lease for a term of years if water is habitually misused or wasted. Such an order shall have effect from the 25th June next ensuing, and two months' notice at least must be given to the *lambardars* for the information of the cultivators.

25A. When the Divisional Canal Officer acting under section 60 strikes a channel supplying a long lease off the register, he shall, if the remaining registered channels cannot satisfactorily irrigate the block, at the same time cancel the lease, provided that—

(*i*) If the order for cancellation be made between the 25th of June and the 25th of October no water-rate shall be payable for the period subsequent to the 25th June preceding the date of the order.

(*ii*) If the order for cancellation be made between the 25th June and 25th March, half the annual rate will be payable for the period subsequent to the 25th June preceding the date of the order.

ON THE SUPPLY OF WATER.

26. I.—Any Canal Officer may, in the case of pressing emergency, stop the supply of water to any canal or distributary. If such order is passed by an officer below the rank of a Divisional Canal Officer, it shall forthwith be reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, to the Superintending Canal Officer.

II.—The Sub-Divisional Canal Officer may, by written order under section 76*a*, stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that either it, or, in case the channel is supplying a long-term lease, the boundaries of such lease are not maintained in proper repair. Such order shall be recorded in the Sub-Divisional office.

III.—No person shall be entitled to be supplied with water until the village channel has been put in a proper state of repair in accordance with directions given by the Sub-Divisional Canal Officer.

IV.—The Canal Officer or any of his subordinates may temporarily close an outlet supplying a village channel from which unauthorized irrigation is, at the time the outlet is closed, being carried on.

27. The Divisional Canal Officer may close the outlets in rotation as he may consider necessary. The periods of such closures must be notified to the *lambardars* concerned.

28. No water shall be supplied nor shall any person be entitled to a supply of water until a permit signed by a Canal Officer authorized to sign a permit has been signed and issued.

29. The Canal Officer will be responsible that the supply through the outlet is in the *kharif* and *rabi* seasons maintained in accordance with the requirements of the crops. In both seasons it will be the duty of the *lambardar* to inform the Canal Officer or subordinate when the area under lease has been fully irrigated, so that the outlet may be closed, or if he has, under rule 14, been given charge of the outlet, to close it himself.

ON DEMAND STATEMENTS.

30. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and stamped signature of the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

31. The demand statements for water-rates due under leases for a term of years shall be prepared at the same time as the application, and a copy thereof shall be given to the *lambardar* as well as a *parcha* for each signatory to the lease with the permit. No further notice of demand shall be given during the currency of the lease.

32. The demand statement for water-rates due under a lease in the *kharif* season shall be prepared either before the permit is issued, or as soon as conveniently may be after its issue, and shall, without reference to the land having been actually irrigated up to that time or not, show the water-rates due by each person whose land is included in the application. Demand statements (*parcha*) showing the sums due from each applicant shall be sent to the *lambardar* for distribution, and no further notice of demand shall be given.

33. For irrigation during the hotweather or *rabi* season, the following procedure shall be followed:—

I.—The area irrigated in any village shall be measured by an amin appointed for that purpose. The *khasra* shall be signed by both the amin and the *lambardar*, who shall be present at the measurements. If the *lambardar* is not present, the amin shall arrange that at least two respectable cultivators shall be present and enter their names in the *khasra* prepared by him.

II.—When the measurement is completed, the *khasra* shall be forwarded to the Sub-Divisional Canal Officer, who shall prepare the demand statement (*khatians*) with all possible despatch. Copies of extracts of the demand statement affecting each separate cultivator (*parchas*), signed and sealed by the *silladar*, shall, as soon as prepared, be forwarded to the *lambardar* for distribution amongst the persons charged. The *lambardar* shall grant a receipt for the *parchas* forwarded.

III.—If the *lambardar* is not present, or declines to grant a receipt for the same in the prescribed form, the Sub-Divisional Canal Officer shall make other efficient arrangements for serving each person assessed with a *purcha* showing the amount due from him. *Parchas* may be sent by post.

34. Objections to the demand statements prepared in accordance with the preceding rules 31, 32 and 33 may be presented, either personally or through the *lambardar*, to the Sub-Divisional or Divisional Canal Officer, who shall thereupon, after such enquiry as he may consider to be necessary, pass orders on the same. A copy of the order passed (which may be sent by post) shall be served on the person making the objection. The charge for such service shall be four annas which must be paid by the objector at the time of presentation of the objection. Should the application be successful the charge of four annas will be refunded. Objections to the demand addressed to the Collector shall be referred for the orders of the Divisional Canal Officer.

35. Objections to the demand statements must be presented within thirty days of the date on which the *parcha* was received by the *lambardar*, but this period shall be extended where reasonable cause for delay can be established.

36. The objections may be in a form, which will be supplied gratis at all Canal offices, giving instructions as to the particulars required to admit of the objections being readily investigated; but any form will be accepted provided it clearly states the name or names of the persons objecting, the crop, and the year for which the charge is made, and the demand from each cultivator to which objection is taken.

37. Any person not satisfied with the order passed by the Canal Officer under rule 34 may file an application of appeal to the Collector under section 91 of the Act. Such application must be accompanied by a copy of the order appealed against. The Collector shall thereupon, after considering the records of the case, pass such order as he may think fit, and shall meanwhile have discretion to suspend collections by a written order in cases where it may seem advisable to do so.

38. When the order appealed against to the Collector is that of a Sub-Divisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record thereon any remarks he may think fit. The papers shall not be detained for the purpose of enabling the Divisional Canal Officer to make further enquiries which, however, may be directed by the Collector on the suggestion of the Divisional Canal Officer or on his own motion.

39. Applications for mutations of names in leases for a term of years shall be made to the Collector; if addressed to the Canal Officer they shall be referred to the Collector for disposal. Applications for alterations in long-term leases on account of wrong assessment shall be made to the Divisional Canal Officer; if presented to the Deputy Collector they shall be referred to the Divisional Canal Officer for disposal.

39. (*a*) When the mutations of the names of rate-payers are found to be more than 30 per cent. of the whole, the Deputy Collector will request the Divisional Canal Officer to prepare and forward a revised demand statement. The same rule applies for other crops.

ON WATER-RATES.

40. Water-rates imposed under section 79 of the Act for the irrigation effected in the hot weather or *rabi* seasons, shall be assessed by the Canal Officer at rates which shall be fixed by the Divisional Canal Officer, and which shall not be greater than those shown in the following schedule:—

	Flow or Lift.	
	Rate per bigha.	Rate per tenth of a bigha.
	Rs. A.	A.
For water used in an unauthorised manner.	6 4	10

In the *kharif* season water-rates shall be imposed by the Divisional Canal Officer under section 79 *only* after the sanction of the Collector has been obtained to make a detailed measurement of the land irrigated without authority.

NOTE.—Areas irrigated by *bonâ fide* surplus water drained off from a leased area shall not be assessed. *Bonâ fide nâgar* is defined as water drained off the fields while the outlet remains closed.

The Collector's sanction is not in itself authority for the imposition of water-rates—it merely authorizes proceedings being instituted. The rates to be charged in the *kharif* season will be subject to the same maxima as in the hot weather and *rabi* seasons. Persons using water without a permit shall, unless exempted by section 74 of the Act, be charged water-rates according to the season in which water is used, at the rates specified in this rule.

41. Charges for waste of water imposed under section 80 of the Act shall be at the rates fixed in the rule immediately preceding, and be subject in the *kharif* season to the same condition as regards sanction by the Collector as is required by that rule; where a tank or *ahara* has been filled, a charge of Rs. 5 per thousand cubic yards may be made in lieu of an acreage charge

42. Water-rates assessed under sections 78, 79 or 80 of the Act shall be paid on or before the dates mentioned below:—

For leases for a term of years entered into after the 1st January 1898.	One kist on or before the 15th January.
Season leases—	
Under Schedule No. II	... For rice and sugarcane on or before the 15th December. For a single watering, on presentation of the demand.
Ditto No. III	... *Rabi* and sugarcane on or before the 5th April.
Ditto No. IV	... Hot weather irrigation on or before the 1st July.
Assessments under section 79 of the Act or under Rule 40.	On presentation of the demand.
Assessments under section 80 of the Act	
Water supplied by volume between the 1st of September and 31st of October.	One moiety before the outlet is opened, the other moiety on or before the 15th December.
Water supplied by volume to fill *aharas*	... The whole amount before the outlet is opened.

The Divisional Canal Officer shall forward the demand statements of leases under Schedule No. II to the Collector as soon as they have been prepared in accordance with rule 32. He will forward these and all other demand statements as soon as they are ready and will endeavour to send them at least fifteen days before the latest dates fixed for the payment of the water-rates, but accuracy in the individual charges shall be regarded as of more importance than a rigid adherence to dates.

43. Where lands are held on a *bhaoli* tenure, the entire water-rates assessed under section 78 of the Act shall be demandable from the occupiers of the land assessable; but at the written request of the *bhaoli* owner, in the form, Appendix VII, which may be presented to the Divisional Canal Officer or to the Collector, the water-rates shall be recovered from the cultivators and the person or persons in receipt of the *bhauli* rents in the same proportion as the produce is divisible amongst them. The demand statement shall be made out by the Divisional Canal Officer in the name of the cultivators, any necessary modification therein, owing to a request made by a *bhaoli* owner under this rule, being carried out by the Collector. But on lands under Government management half the rates should be paid by the landlords, and in other cases any influence which the Collector may possess should be used to make the zamindar consent to this equitable arrangement.

44. In the case of lands held under a *bhaoli* tenure being assessed under section 79 of the Act, the whole of the persons deriving benefit therefrom shall be assessed in the same proportion as the produce is divisible amongst them.

ON REMISSIONS.

45. The water gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of failure of supply.

46. Claims to remission of water-rates under section 76(*b*) shall only be admitted on proof of actual loss caused by failure of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any part of the rates. All applications for remission of water-rates shall be made in the manner provided in rule 34 and not less than twenty days before the crop is cut. The Divisional Canal Officer, with the previous sanction of the Superintending Canal Officer, which sanction may be delegated to any Divisional Canal Officer, when the crop of an individual cultivator of a season lease has failed to the extent of losing twelve annas or more of its value in the rupee, may, as a matter of grace, grant remission up to 10 per cent. of the area assessed against the cultivator, notwithstanding that the deficiency in the crop is due to causes other than through partial or total failure in the supply of canal water.

47. Before awarding compensation under section 76(*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. All applications for compensation under section 76(*c*) must be made not less than twenty days before the crop is cut.

48. Notwithstanding anything contained in these rules, the Superintending Canal Officer may, should he consider the circumstances of the case require it, under such general instructions as he may from time to time receive from Government, remit, under the head "Extraordinary", so much of the water-rates as are in excess of ten annas a bigha. But no such remissions shall be claimable as a right, nor shall any person be entitled to receive an order on an application for remission under this head, which will ordinarily only be made on the representations of Divisional Canal Officers.

49. A remission statement signed by the Superintending, or Divisional Canal Officer, shall be sufficient authority for a refund by the Collector.

INTERMEDIARY AGENCY.

50. Leases in the *kharif* season for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor, who shall collect and pay to Government, under section 82 of Act III (B.C.) of 1876, all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given as Appendix II to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

51. Contractors shall be entitled to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor under section 78 of the Act. Every due from a cultivator to a contractor on account of water-rates shall be deemed to be a sum due to Government under sections 82 and 85 of Act III (B.C.) of 1876.

52. A contractor (or in case there be more than one, each contractor severally and jointly) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water supplied. In the case of his failure after due diligence to collect, he shall, within thirty days of the rates becoming due, submit to the Collector a list showing the names of the defaulters with the sums due from each, and the Collector shall thereupon proceed to realize the amount due from the said defaulters according to law.

53. A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the agreement, except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence, and shall be entitled to a deduction of 5 per cent. on all sums collected by himself.

54. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Superintending Canal Officer Such contractor must, for the whole term of the lease, have a beneficial interest in some part of the land included in the application, and must sign an application in the form given as Appendix IIA. The appointment shall not be made unless the *lambardars* and leading cultivators give their assent in writing thereto, and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

55. The contractor appointed under rules 50 and 54 may, but shall not necessarily, be *lambardar*. The *lambardar* will in all cases be appointed by the Canal Officer under the provisions of Rule 12, and shall be remunerated at the rates specified in Rules 11 and 14, subject to the conditions mentioned in Rule 15.

56. The contractor may, if he prefers, in which case it shall be so stated in the application, take the responsibility of collecting the entire sum due under the application, in which case he shall be entitled to a deduction of 2½ per cent. on all sums collected by himself in addition to the deduction of 5 per cent. to which he is entitled under rule 53, *i.e.*, to a total deduction of 7½ per cent.

57. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received, nor shall the Collector take any steps towards the appointment of a contractor under rule 54 until the written assent of the Superintending Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

58. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 25th June next following, in which case his connection with the lease shall cease from that date, and the Sub-Divisional Canal Officer shall proceed to appoint a *lambardar* under rule 12, and the Collector to realize water-rates due directly from the applicants. The Divisional Canal Officer may, at the instance of the Collector, remove a contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 25th of June next following shall be given, and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 54, appoint a new contractor in place of a contractor who has resigned.

59. With the written approval of the Superintending Canal Officer, a contractor may measure and prepare demand statements for lands irrigated in the hot weather, for which applications in the prescribed form have been filed by him. Such demand statements shall be forwarded to the Sub-Divisional Canal Officer, who shall thereupon proceed to deal with them as if they had been prepared by himself.

60. When an agreement has been made for the collection of rates by a contractor, the Divisional Canal Officer shall, under section 82 of the Act, furnish such contractor with a written authority to collect the amounts due by the cultivators, a copy of which shall be sent to the Collector.

60.(*a*) The contractors are to note the number and year of the *khatiani* and the serial number of the rate-payer on receipts granted by them in order that the particular demand may be traced when a mutation is applied for by a rate-payer.

ON COLLECTIONS AND ALTERATIONS IN DEMAND STATEMENTS.

61. Collection of all water-rates shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer except in the case of lands held *bhaoli*, regarding which the provisions contained in rule 43 shall be followed.

62. The Collector may make any alterations in a demand statement provided the total sum shown to be due is not altered or an error in account only corrected. When such alterations are made in a demand statement appertaining to a lease for a term of years, a copy of the alteration statement shall be sent to the Divisional Canal Officer.

63. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Collector. A detailed list of all sums so written off shall be forthwith sent to the Superintending Canal Officer. In other cases the sanction of the Commissioner of the Division must be obtained, through the Superintending Canal Officer, to admit of demands being written off under this head

MISCELLANEOUS.

64. No person shall, without the permission in writing of the Divisional or Sub-Divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords and ferries and their approaches as are provided by the Divisional Canal Officer

65. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

66 Tanks may be filled with canal water without charge and without reference to the area irrigated in any village, wherever water can be made available without injury to the cultivation dependent on any canal, under the following conditions:—

(*a*)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle, or both

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer issued on the written application of the parties concerned.

(*e*)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

67. The Divisional Canal Officer may supply water for manufacturing* or other purpose, charging for the same at the rate of one rupee per each 4,000 cubic feet or part of 4,000 cubic feet supplied. For the manufacture of bricks the rate is Rs. 5 per lakh of bricks, but when bricks are found to be manufactured without the previous sanction of the Divisional Canal Officer a rate of 4 as. per thousand bricks will be charged Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any purpose whatsoever not specified in this rule, or the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer, and if proposed for longer than a year, shall be submitted for the sanction of the Lieutenant Governor.

68 Patwaris called on to assist in identifying land or signatures or to give evidence shall receive such remuneration by way of fee as may be fixed by the Superintending Canal Officer or Collector with the approval of Government, but their signature shall not necessarily be required to any document prepared under these rules The fees shall be disbursed at the time of attendance as far as practicable by the Sub-Divisional Canal Officer or Collector, whoever may require the patwari to attend.

69. Any Deputy Collector or Sub-Deputy Collector may, under the general orders and control of the Collector, exercise the powers conferred on the Collector by Rules 9, 10, 11, 15,

* Superintending Engineer's No. 858, dated 20th February 1882, fixed rate for use of Canal water for brick manufacture at Rs. 5 per lakh.

24, 39, 43, 52, 53, 54, 57, 58, 59, 61, 62, 63, and 68, provided that all orders passed by such Deputy Collector or Sub-Deputy Collector shall be appealable to the Collector, if a petition of appeal is preferred within thirty days of their being passed.

70. The Collector may, by a special order passed in each case, refer applications under rules 37, 40, or 41 to any Deputy Collector for report or disposal. An appeal against an order passed by a Deputy Collector under this rule may be preferred by either the applicant or the Divisional Canal Officer.

79. In the case of leases under Schedules I and II, water will be supplied for rice-seed beds only as early in June as the supply in the river admits

80. In the case of leases under Schedule II, no extra charge will be made for a crop of *kesari*, linseed, or *gram* sown on rice-fields watered with canal water, and water will be supplied until the 15th of November, if required.

81. In the case of leases under Schedule III, the Divisional Canal Officer may, in years when the demand for water for *kharif* crops admits of it, supply water for *rabi* on any date after the 7th October.

82. When in the area covered by a season lease only (I) no crop is sown in a field, or (II) the crop fails during the currency of the lease, water-rates may be levied at the rate of ten annas a bigha, provided that no application to be charged at these reduced rates shall be entertained unless presented twenty days before the crop is cut, and also during the currency of the lease.

83. In assessing water-rates under Schedules III and IV, the areas to be charged shall be subject to the following rules:—

I.—If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half-a-foot high.

II. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

84. Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

85. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

86. Irrigation from Government drainage cuts shall be governed by the same rules as are laid down for irrigation from escape channels.

OFFICE MEMO. OF THE INSPECTOR OF SCHOOLS, BHAGALPUR DIVISION.

UNIVERSITY MATRICULATION EXAMINATION, 1912.

Test-examination of Private Students.

1. A student who has not attended any school for at least one year previous to the examination, or who has been transferred since the 1st September next preceding the examination, without the consent of the Inspector, to the school from which he appears, will be treated as a private student.

2 All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination unless accompanied, for the purpose of identification, by some person known to the Head Master.

3. The first day of the test-examination in all zilla schools in the Bhagalpur Division will be the 11th December 1911.

4. Each private student will have to pay, on or before 30th November 1911, a fee of Rs. 2 for permission to appear at the test-examination to the head of the Institution at which he appears The balance of fees, after payment of expenses (stationery, etc.), will go as remuneration to the examiners.

5. Candidates for the test-examination should apply to this office not later than the 20th November 1911. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who had failed at a previous Entrance or Matriculation Examination and did not join a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of the session 1910-11 and then left the school cannot under any circumstances be allowed to appear at the Matriculation Examination that will be held on the 4th March 1912 and following days.

7. Each candidate should submit with his application a statement showing—

(1) Age. No candidate who has not completed the age of 16 years on the first day of the month in which he appears at the Matriculation Examination will be allowed to appear at it.

(2) Residence.

(3) Father's name.

(4) Classical language.

(5) Vernacular language.

(6) Additional subjects.

(7) Whether he appeared at any previous Entrance or Matriculation Examination.

(8) A certificate signed by a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline.

8. *Bonâ-fide* teachers employed in any of the recognized schools in the Bhagalpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

9. The forms of application for permission to appear at the Matriculation Examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. Applications and fees (amounting to Rs. 12 in each case) for admission to the Matriculation Examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 20th January 1912.

Intermediate in Arts and Science, B.A. and B.Sc. Examinations, 1912.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognised High English schools in the Bhagalpur Division of three years' standing, *i.e.*, those who have served as such for full three academical sessions, will be admitted to the above examinations. School-masters should produce certificates of character and length of service (with dates), and of diligent and regular studies from the managers of the schools in which they are employed. The applications must reach this office not later than the 15th January 1912.

2. Candidates for the B.A. or B.Sc. Examination must forward with the applications their F.A. or I.A. or I.Sc. certificates, and those for the I.A. or I.Sc. Examination their Entrance or Matriculation certificates, *together with a letter, in original, from the Senate of the Calcutta University, permitting them to appear at the examination.*

3. Candidates should read carefully the certificate which this office will have to sign and be careful to supply all information and documents required, without which the Inspector must decline to sign it.

BHAGALPUR,
The 3rd July 1911.

NOTIFICATION.

TEST EXAMINATION OF PRIVATE CANDIDATES FOR MATRICULATION EXAMINATION, 1912.

A TEST EXAMINATION of private students who have not read in any High School recognised or unrecognised for at least one year and in the case of plucked students since the last University examination previous to the Matriculation examination for admission to the next Matriculation examination will be held at the office of the Inspector of Schools, Presidency Division, 285, Bow Bazar Street, Calcutta, on Monday, the 4th, Tuesday, the 5th, Wednesday, the 6th, and Thursday, the 7th December 1911. Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination. The term "Private students" includes school-masters.

2. Candidates will be required to furnish satisfactory proof that they have not read in any school for one year or since the last Matriculation examination. They should produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation examination, must be submitted in original along with the application for permission to appear at the test examination. A student who failed to pass the annual examination for promotion to the first class at the end of session 1910-11 and then left the school will, under no circumstances, be allowed to appear at the Matriculation examination of 1912.

3. *Bonâ fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination; they must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation examination unless he completes the age of sixteen years on the first day of the month in which the Matriculation examination is held.

5. Each candidate should submit to this office, not later than the 6th November 1911 his application for admission to the test examination, with the following particulars:—

(1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation examination, (5) second language besides English, (6) Vernacular language, and (7) which two of the following optional subjects he has taken up:—

(*a*) Additional Mathematics.
(*b*) Additional paper in the Classical language.
(*c*) History.
(*d*) Geography.
(*e*) Elementary Mechanics.

6. The admission-fee for the examination is Rs. 6 for each candidate, and is to be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 is to be imposed for each week's delay. Under no circumstances the admission-fee will be refunded.

7. No private student will be admitted to the test examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test examination held by the head master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the candidates from that institution. The head master of such school is hereby authorized to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 6 above should be utilized in meeting the cost of the examination.

10. The Matriculation examination in 1912 will be held on the 4th of March 1912 and following days.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the 20th of January 1912.

NOTIFICATION.

The 10th July 1911.—A scholarship named "Chandra Mohan Basak Scholarship" has been founded by Babu Govinda Chandra Basak of Dacca to commemorate the name of his deceased father. The scholarship was first reserved for the Basak families of the town of Dacca, but it has since been extended to all the Basaks of the whole of Bengal.

Rules for the award of the Chandra Mohan Basak Scholarship.

1. The value of the scholarship will be Rs. 10 a month and it will be awarded by the Director of Public Instruction, Eastern Bengal and Assam.

2. It will be tenable for two years in any of the following Engineering College or Schools:—

(*i*) The Civil Engineering College, Sibpur.
(*ii*) Ahsanulla School of Engineering, Dacca.
(*iii*) Bihar School of Engineering, Patna.

The scholarship will run from the date of commencement of session of the institution in which it is held.

3. The scholarship will be held by one student at a time, and if a student fails to pass his examination or is found to misbehave within the term of his scholarship, he will forfeit his scholarship and it will be given to another qualified candidate. As a rule the scholarship will be awarded once in every two years.

4. The recipients of the scholarship may be divided into three classes:—

(*a*) Candidates from schools in the province of Eastern Bengal and Assam who, having passed the Matriculation Examination, join one of the institutions named in rule 2 to prosecute a course of studies for the Sub-Overseer Examination.

(*b*) Those from schools in Western Bengal who, having passed the Matriculation examination of the Calcutta University, join an institution as in clause (*a*).

(*c*) Students who have passed the Sub-Overseer Course and read the Overseer Course in a school approved by Government. In the event of there being two Sub-Overseer candidates from the two provinces who desire to read the Overseer Course, preference will be given to one standing higher in the pass list.

5. The scholarship will be awarded every alternate year for two years at a time successively to each class mentioned in rule 4, and when a candidate is not available in one class, it is to be given to one in the next class.

6. If no candidate is available in any class mentioned above, the scholarship may be given to a Basak candidate who has passed the Intermediate Examination in Arts or Science or B. A. or B. Sc. Examination and undertakes to prosecute his studies in an Engineering institution named in rule 2.

7. The scholarship will not be awarded to a candidate who has obtained a Government scholarship.

8. A small grant will be made to the recipient of the scholarship to help him to purchase his books and apparatus, provided that he can adduce satisfactory evidence of straitened circumstances.

9. Any disputed point arising hereafter with regard to the award of the scholarship or interpretation of these rules will be decided by the Director of Public Instruction, Eastern Bengal and Assam.

N. L. HALLWARD,
Director of Public Instruction, Eastern Bengal and Assam.

NOTIFICATION.

IT is hereby notified that the six second grade junior scholarships allotted to the Burdwan Division will be awarded in accordance with the results of the Matriculation Examination of 1912 to the most successful students irrespective of the district to which they belong, and that of the twelve third grade junior scholarships assigned to this Division, eleven will be apportioned among the districts of this Division according to the results of the next examination as shewn below. The remaining *one* will be awarded to the most successful aboriginal student of the districts of Bankura, Birbhum and Midnapore who passes the examination but does not obtain any other scholarship. If no qualified aboriginal student is available this scholarship will be awarded to the Howrah district:—

   (*a*) A target trot consisting of two red mooring buoys, joined together and 80 yards apart, in a W.N.W. and E.S.E. direction, have been moored at a distance of 4 miles N. 22° E. from Chao pei tsui lighthouse.

   (*b*) Two lines of red buoys, each consisting of 3 buoys, 400 yards apart in a W.N.W. and E.S.E. direction, have been moored on each side of the trot, and distant respectively 915 and 1,100 yards from it.

2. In Eastern entrance:

   (*a*) A target trot, consisting of two red mooring buoys, joined together and 80 yards apart, in a W.N.W. and E.S.E. direction, has been moored at a distance of 9 cables, S. 7½° E , from the northern extreme of Itau island.

   (*b*) Two lines of red buoys, each consisting of three buoys, 400 yards apart in a W N.W and E.S.E. direction, have been moored to the southward of the target trot, and distant respectively 915 and 400 yards from it.

Remarks.—These buoys will remain in position until the middle of August when they will be removed without Notice.

RESOLUTION ON THE ANNUAL REPORT ON THE POLICE ADMINISTRATION OF THE TOWN OF CALCUTTA AND THE SUBURBS FOR THE YEAR 1910.

POLITICAL DEPARTMENT—POLICE.

RESOLUTION—No. 4056P.

Dated Calcutta, the 14th July 1911.

READ—

The Annual Report on the Police Administration of the Town of Calcutta and the Suburbs for the year 1910.

Read also—

The Reports for the two previous years and the orders of Government recorded thereon.

1. Mr. F. L. Halliday, C.I.E., M.V.O., Commissioner of Police, was on leave from the 7th April to the 6th November, during which period Mr. R. T. Dundas officiated. For the rest of the year Mr. Halliday was in charge. Further progress was made with the replacement of Superintendents by officers of the Indian Police. The outstanding political crime of the year, the murder of Khan Bahadur Shamsul Alam on the 24th January, disclosed serious defects in the policing of the High Court; and the Court guards were

accordingly strengthened and placed in charge of an officer of the rank of Superintendent. Mr. Superintendent Bowen was selected for this new post, and was succeeded by a Deputy Commissioner. At the close of the year only two of the local divisions remained in charge of Superintendents. The most important administrative event of the year was the passing of the Calcutta and Suburban Police Amendment Act, Act III of 1910, the principal features of which were to define more clearly the duties, liabilities, and powers of the Police in their relations with the public, and to confer on the Commissioner, subject to the control of Government, certain much-needed extensions of his powers with regard to the public peace and the regulation of nuisances.

2. *Discipline and Recruitment.*—The discipline of the force remained satisfactory, a small increase in judicial convictions (21 as against 14) being more than balanced by a decrease in dismissals (40 as against 62). There are signs, however, that the conditions of service in the lowest rank are not sufficiently attractive to the right class of men. There were 244 resignations as against 201 in the previous year; and the Commissioner remarks that the number has been steadily increasing, and is now nearly double that of five years ago. Recruiting too was even more unsatisfactory than in 1909; and the failure of the Nathnagar scheme resulted in the postponement of the beat system in the Northern Suburbs until the close of the year. The marked decrease in desertions among recruits in 1909 was attributed by Mr. Dundas to the system of taking three-year agreements on enlistment. Mr. Halliday however is of opinion that this constitutes no real check, since the majority of the desertions take place before the antecedents of the men can be verified. Many of the desertions occur directly the pressure of discipline and physical training is applied nor should undue importance be attached to yearly fluctuations, which must necessarily follow to some extent on the variations in agricultural conditions and the labour market, but the reports for several years past undoubtedly betray a failure to attract and retain suitable men both for the Indian and the European subordinate ranks, and though no difficulty seems to be experienced at present in keeping the number up to sanctioned strength the Lieutenant-Governor in Council will be glad if the Commissioner will continue to give the subject his special attention.

3. *Public Peace.*—The year was free from disturbances of a political complexion; but the Bakr-Id festival in December was attended by a recrudescence of Hindu-Muhammadan rioting, which has unfortunately been followed by similar disturbances elsewhere. The conduct of the Police in dealing with those riots formed the subject of much criticism and of careful enquiry. The considered views of the Lieutenant Governor in Council on the matter have already been made public, and need not here be recapitulated. It will suffice to say that in the opinion of the Government of Bengal the only outstanding defect in police organization disclosed was that the force requires to be put in a position to deal more effectively at the outset with disturbances of this degree without recourse to the assistance of the military. Measures have been taken to strengthen the force to this end, as also to establish a firmer control over the unruly elements in the population.

4. *Crime.*—The volume of cases, both cognizable and non-cognizable, shows a decrease on the heavy figures for 1909; but it is significant that the falling off is most marked in those fields in which the greatest activity was shown last year: there is a decrease of some 2,200 nuisance cases, nearly the whole of which is accountable for by the decline in prosecutions for road obstruction, particularly in Fenwick Bazar and Bara Bazar. The local officers attribute this to an actual decrease of offences owing to the great pressure exercised in those sections, but the Commissioner feels himself unable to claim credit for any considerable measure of amelioration, and suggests that road obstruction in these quarters is inevitable so long as present trade conditions prevail. If criminal prosecutions have failed adequately to deal with the situation, it may be necessary to seek an alternative method; but, until this has been arrived at as the outcome of a deliberate change of policy, it is not apparent why the policy of prosecuting for the offence of obstruction should be relaxed. The Lieutenant-Governor in Council accordingly requests that the Commissioner will submit a special report on the subject.

5. *Offences against Property.*—The Lieutenant-Governor in Council regrets to find no diminution in crime of this description. There was a rise in cases of ordinary theft of some 200 (on a total of 4,000), which is reported to be largely due to thefts in students' messes. The extent of the increase suggests that this form of crime is to some extent systematic, and the matter requires the attention of the Commissioner. More serious at first sight is the renewed increase in the number of burglaries. On examination, however, the figures are not without a satisfactory aspect, as tending to show that the new beat system, in spite of the defects—the remediable defects—to which the Commissioner draws attention, has not been without effect. Thus, there has been no increase in III Division Town and the Southern Division Suburbs, in which the beat system was introduced towards the close of 1909; while on the other hand the largest rise occurs in the Northern Suburbs, where, owing to recruiting difficulties, it was not put into force until the close of the year under report. It is to be hoped, moreover, that the hands of the Police will be considerably strengthened in the campaign against professional crime by the new sections of the Calcutta and Suburban Police Acts (section 54A, Act IV of 1866, and section 33A, Act II of 1866), which strike at the root of the matter by strengthening the hands of the Police in dealing with receivers of stolen property—a peculiarly elusive class of criminal. The Lieutenant-Governor in Council is glad to observe that a number of prosecutions under these sections have already been carried to a successful issue, and that the Commissioner of Police is fully alive to the importance of the additional power with which he has been armed.

6. *Police Courts.*—The work of the Courts continued to be heavy, showing an inappreciable reduction on the figures for 1909 and the Lieutenant-Governor in Council is gratified to observe that a substantial share of the burden was borne by the unpaid Magistracy, whose public spirit he desires to acknowledge. At the same time he recognizes that the number of cases disposed of by Honorary Magistrates might have been larger had more Court accommodation been available. Since the close of the year steps have been taken to remedy this defect, and in the plans and estimates for the extension of the Police Courts which are now under preparation provision will be made on this account.

7. *Juvenile Offenders.*—In accordance with the instructions contained in the Resolution on the Report for 1909, the question of the further differentiation of the treatment of juvenile and adult accused has been examined by the Chief Presidency Magistrate, Mr. Thornhill, and by Mr. Halliday, the latter of whom went into the subject with reference to English conditions while on leave. Several of the recommendations of these officers involve fresh legislation, and need to be further considered. They are both of opinion that the volume of juvenile crime in Calcutta would not justify the expense of a separate Children's Court, the institution of which has been advocated; and in this opinion the Lieutenant-Governor in Council concurs. He believes, however, that a valuable advance towards segregation might be made even with the existing Courts, and proposes to issue instructions that all juvenile offenders shall be tried by the Chief Presidency Magistrate in person or by one other Presidency Magistrate to be appointed by him; that during the hearing of such cases the Courts shall as far as possible be cleared of the public; and that the presence of adult prisoners (except where their attendance is required under the law) shall on no account be permitted; and, lastly, that juvenile under-trials shall be confined in special lock-ups, entirely apart from adult prisoners. The Lieutenant-Governor in Council believes that these precautions will effect a distinct diminution in the risk of contamination run by juvenile accused.

8. *Control of Traffic.*—This subject, to which attention was drawn in the Resolution on the Report for 1909, was not neglected, and sets of rules for the regulation of street traffic have been drawn up by the Commissioner of Police and submitted for the approval of Government. The volume of motor traffic again showed a marked increase, attributable in part to the introduction of a taxi-cab service, for the control of which rules were framed during the year. The reorganization of the traffic branch of the force is at present under consideration. There was a slight increase during the year in the number of

persons injured and killed as a result of conveyance accidents. Of the 61 persons killed, horse-drawn vehicles were responsible for 31, tram-cars for 17 and motor-cars for 13. For the 870 persons injured the corresponding figures were 464, 296 and 110. Ninety-two drivers were successfully prosecuted for rash and negligent driving.

9. *Fire Brigade.*—The Nimtolla fire in January 1910, which resulted in a loss of some 7 lakhs of rupees, disclosed serious defects both in the discipline and the equipment of the Brigade. The disciplinary action which the Lieutenant-Governor found it necessary to take has already been made public. The equipment of the force has since been greatly improved by the purchase of a motor fire-engine and a motor-tender carrying an auxiliary pump. A scheme for the reorganization of the Brigade has been considered by a Committee representing the various local authorities concerned, which has now submitted its report to Government. It is trusted that as a result of these measures the Fire Brigade will be established on a footing worthy of the city.

10. *The Refuge.*—This non-official charitable institution for the relief of the incapable destitute is not referred to by the Commissioner in his Report, but it may suitably be noticed here, as it forms a valuable auxiliary to official agencies in dealing with vagrancy, and it is hoped shortly to regularize its position by notifying it under sections 18 and 19 of the Calcutta and Suburban Police (Amendment) Act, 1910, as an institution to which a Magistrate may commit vagrants, instead of to jail. The Lieutenant-Governor in Council acknowledges with pleasure the useful and humanitarian work performed by this institution, the Founder-Superintendent of which, Babu Ananda Mohan Biswas, received during the year the well-deserved honour of a Kaisar-i-Hind medal. Its recognition by Government only awaits the carrying out of certain essential sanitary improvements. It is hoped that the funds for these may be readily forthcoming. The institution, which is supported by voluntary contributions, has recently been put on a firmer financial basis by the munificence of Babu Bihari Lal Mitra, who has given a donation of Rs. 25,000 towards the erection of new premises, and has promised two further instalments of the same amount. The Lieutenant-Governor in Council takes this opportunity of acknowledging with gratification this act of public generosity.

11. The Lieutenant-Governor in Council is pleased to observe the Commissioner's commendation of the officers who have done good work during the year, and desires to express his acknowledgments to Mr. Halliday and Mr. Dundas for their successful administration. He notes with pleasure that the King's Police Medal was conferred during the year on three meritorious Inspectors of the force, Mr. Hansen, Rai B. K. Gupta Bahadur and Rai Saheb P. C. Lahiri.

ORDER—Ordered that a copy of the Resolution be forwarded to the Commissioner of Police, Calcutta, for information and guidance.

Ordered also that a copy of the Resolution be forwarded to the Chief Presidency Magistrate, Calcutta, the Commissioner of the Presidency Division, the Chairman of the Corporation of Calcutta, and the Municipal Department of this Government for information.

Ordered also that a copy of the Resolution be published in the *Calcutta Gazette.*

By order of the Lieutenant-Governor in Council,

C. J. STEVENSON-MOORE,

Chief Secretary to the Government of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1911.

(On an average of five years ending 1908-09 the area under jute in the territory to which the Bengal forecast relates has represented 20·5 per cent. of the total area under jute in British India).

THE present forecast deals only with the estimated area sown. It gives also a general survey of prospects, but makes no reference to the probable outturn either in percentage figures or in bales.

2. *Acreage.*—The estimated area sown during the current and four preceding years in round numbers is given below :—

Year.			Acreage.
1907	...	...	931,200
1908	...	...	568,700
1909	...	...	555,400
1910		...	573,800
1911	...	...	576,700

The area under jute this year in Cooch Behar State, which is not included in the above figures, is estimated at 20,000 acres against 14,000 acres in the preceding year.

3. *Weather conditions.*—Purnea is the most important jute-growing district in Bengal. It produces more than one-third of the crop. The other important districts are Hooghly, Howrah, the 24-Parganas, Nadia, Murshidabad and Jessore. During the months of March to May, the rainfall was not far from normal in all the jute districts, except Nadia, Jessore, Khulna and Darjeeling, where it was above normal. Sowings commenced in the normal time in most districts, but were late in parts of Midnapore, Hooghly, Howrah, 24-Parganas, parts of Khulna, Bhagalpur and Purnea and Cuttack owing to want of sufficient moisture. In Darjeeling the seeds were damaged by heavy rain. The rainfall in June was general and above the average in all the jute-growing districts, except in Midnapore, Hooghly, Howrah, the 24-Parganas and Khulna, where it was in slight defect. At the time of the submission of the district reports (which were received between the 4th and 7th July) sowings were reported to be incomplete in parts of Midnapore, Howrah, the 24-Parganas, Murshidabad, Champaran, Bhagalpur and Cuttack.

Below is the usual statement of the rainfall in the seven principal jute-growing districts from March to June for the current and the four preceding years:—

Name of district.	1907.	1908.	1909.	1910.	1911.
Purnea ...	16·87	10·97	32·90	31 47	20·29
24-Parganas ...	27·75	22·58	28·27	14 32	16·84
Hooghly ...	24·70	22 09	25 67	15·69	17·79
Jessore ...	29·19	24·74	26·40	23·74	27·69
Nadia ...	24·87	24·45	23·58	21·69	28·73
Howrah ...	27·18	28 05	28·12	16·87	15·56
Murshidabad ...	20·06	16·48	23·26	16·09	26·11

4. *District Returns.*—The total area under jute as reported by the District Officers and by the Superintendent, Cooch Behar, is estimated in round numbers at 596,700 acres as compared with 587,800 acres of last year.

5. *Conditions and prospects.*—The condition of the crop is reported to be good in Burdwan, Nadia, Jessore, Muzaffarpur, Bhagalpur, Balasore and in the Barrackpore and Basirhat subdivisions of the 24-Parganas; fair in Midnapore, Hooghly, Murshidabad, Khulna, Champaran, Purnea, Darjeeling, Cuttack, Cooch Behar, the Ulubaria subdivision of Howrah and the Sadar, Baraset and Diamond Harbour subdivisions of the 24-Parganas. It is reported to be not good in the Sonthal Parganas and poor in the Sadar subdivision of Howrah. The prospects of the crop are reported to be favourable in all districts, except Howrah and the Sonthal Parganas.

6. *General.*—Very little of last year's crop remains in the districts.

W. B. HEYCOCK,
Director of Agriculture, Bengal.

(1) Favourable except at the time of sowing in the Sadar subdivision when there was no seasonable rainfall. (2) Good. (3) Normal. (4) Completed. (5) The decrease in area is due to want of moisture in the Sadar subdivision at the time of sowing for which the normal area could not be sown.
	Midnapore ...	3,329,040	2,190,000	10,600	10,500	Little ...	644,668	1905-10	...	In the latter part of April in Contai and in other places in May.	(1) There was want of rain at the time of sowing. At present the weather and rainfall conditions are good. (2) Fair. (3) Rather late for want of rain. (4) Going on still in few places. (5) The present year's crop is expected according to the reporting officer's estimate to be worse than last year's crop. (6) Calls for no explanation.

Division.	District.	Total area of the district.	Estimated total area under cultivation.	Approximate area sown last year (1910).	Estimated area sown this year (1911). Burdwan.	Hooghly ...	782,791	445,900	32,800	32,900	No jute remains in the district from the crop of the year 1910.	Not cadastrally surveyed		...	1st week of May.	(1) The weather and rainfall were not favourable in Serampore and also in some parts of the Sadar subdivision. Elsewhere they were favourable. (2) The condition of the crop is fair. (3) The sowings were normal in almost all the places except in Serampore subdivision where they were very late. (4) Sowings have been completed. (5) The crop is not now so sufficiently advanced as to admit comparison with that of the previous year, but so far as can be seen it should be better than that of the last year. (6) The increase in area is due to the high price of the crop.
	Howrah ...	522,480	250,600	33,800	19,300	Ditto ...	...	...	...	End of April to beginning of June 1911 in Sadar and Middle of May in Uluberia.	(1) The weather and rainfall were not favourable for the growth of the crop. (2) The present condition of the crop is reported to be poor in Sadar, subdivision and fair in the Uluberia subdivision. (3) Sowings were late this year. (4) Sowings were still going on in the Sadar subdivision, while they have been completed in the Uluberia subdivision. (5) The crop of this year is expected to be worse than that of the last year. (6) The decrease in the area is due to late rainfall.
	24-Parganas ...	3,160,553	1,638,700	88,000	80,000	Very little	...	...	...	End of April.	(1) Favourable on the whole. (2) Good in Basirhat and Barrackpore and fair in other parts of the district. (3) Normal in Barrackpore, Bazar and Basirhat, but a little late in Diamond Harbour and Sadar. (4) Completed except in some parts of Diamond Harbour and Barrackpore subdivisions. (5) Expected to be better than the crop of the last year in all parts of the district except in Basirhat subdivision, where the recent excessive rainfall may damage the plants. (6) No change has taken place in the area sown.

PRESIDENCY.	Nadia	...	1,784,921	1,046,80	35,000	49,809	Little ...	...	...	May ...	(1) The weather and rainfall were favourable. (2) The condition of the crop is good. (3) and (4) The sowings were normal. The sowings have been completed. (5) The crop of this year is expected to be better than that of the last year if the weather and rainfall conditions continue to be favourable. (6) The increase on the area sown is due to rise in the price of jute and to favourable weather conditions.
	Murshidabad		1,271,230	1,005,200	27,700	10,400	Practically no jute remains in the district from the crop of the last year except for small quantity for domestic consumption.	...	...	From May to June.	(1) Weather and rainfall not favourable in all places. (2) Fair. (3) Normal. (4) Sowings completed except in Jangipur and Lalbagh subdivisions, where sowings are still going on. (5) Not expected to be better on account of untimely rainfall. (6) Decrease in area cannot be definitely ascertained till sowings are completed. Unfavourable weather is the cause of decrease, if any.
	Jessore	...	1,571,133	1,191,000	48,000	85,000	Little ...	...	...	April 1911	(1) Weather and rainfall were favourable. (2) Present condition of the crop is good. (3) Sowings were normal. (4) Sowings completed. (5) The crop is expected to be better than the crop of the last year (6) Increase in area is due to high price of jute last year and early rain.
	Khulna	...	2,048,016	670,000	16,400	16,800	Little ...	177,800	1903-04 to 1908-10.	16,177	(1) The weather and rainfall were favourable throughout the district. (2) The present condition of the crop is fair. (3) Sowings were normal in the sadar and in the Satkhira subdivision, but late in the Bagerhat subdivision. (4) Sowings have been completed. (5) The crop of this year is expected to be better than that of the last year. (6) The increase in the area sown this year is due to favourable weather and rainfall and to the fact that the high price of jute tempted cultivators to cultivate a larger area of land for jute.
TIPPERAH	Chandpur ...		2,309,840	1,442,000	800	362	A little ...	2,359,840	1895 to 1899.	666	(1) Favourable. (2) Fair. (3) Normal. (4) Still going on. (5) Better (6) Reduction of area is due to low price of jute last year.

(3) Sowing normal in Supaul, Sadar and Madhipura, but late in Banka subdivision. (4) Sowings still going on. (5) The crop of this year is expected to be like last year's. (6) The decrease in the area sown is due to the fact that sowing in Banka subdivision is late and yet goin gon.
Bhagal-pur.	Purnea ...	3,196,183	1,694,400	220,000	240,000	Very little. They keep sufficient for domestic consumption.	3,254,779	1901-06 to 1905-06.	115,402	March and April 1911.	(1) The weather and rainfall have been so far favourable for the growth of the crop. (2) Condition of the crop is fair so far. (3) Sowings were normal in Kishenganj and late else where for want of rain. (4) Sowings have been completed everywhere. (5) The crop is expected to be better than that of the last year. (6) The cause of increase in the area sown this year is due to the high price of jute obtained last year.

Darjeeling ...	744,005	185,000	5,000	4,500	Very little	276,577	Silkworl, 1897-98. Kalimpong, 1902-03 West Tista, 1907-08.	2,389	1st week of April.	(1) Weather and rainfall were not favourable. Rain at sowing times damaged seeds. (2) Condition of the crop is fair. (3) Sowings were normal. (4) Sowings completed. (5) Crop is expected to be the same as that of the last year. (6) The decrease in area sown is due to outbreak of cholera.	
Sonthal Parganas.	3,631,447	1,026,200	1,951	1,600	Nothing ...	3,454,700	1898 to 1908.	1,506	1st week of May.	(1) Weather and rainfall were favourable at the beginning for the growth of the crop. (2) The present condition of the crop is not good owing to heavy rains. (3) The sowings were normal. (4) Sowings have been completed. (5) No better outturn is expected. (6) The area under jute is so small in this district that no remarks seem required on rise and fall in area.	
Outlack ...	3,340,397	1,223,800	10,000	11,300	A small quantity of jute remains out of the crop of 1910 for domestic consumption.	2,968,457	1898-96 to 1906-07.	658	From middle of April to 1st week of June.	(1) Weather was not favourable owing to want of rain at the sowing times and excessive rain after that. (2) The present condition is fair. (3) The sowings were rather late. (4) Sowings are still going on in Jajpur subdivision.	
Balasore ...	1,339,621	938,980	3,900	4,000	Nearly 3 annas of the last year's crop remain in hand.	1,605,778	1891-92 to 1894-95.	138	15th May	(5) The crop of this year is not expected to be better than that of the last year owing to unfavourable weather. (6) The increase in area (1,400 acres in Kendrapara subdivision and 2.0 acres in Sadar subdivision) is due to good prices obtained last year.	
Total for Bengal.	18,479,380	19,945,300	572,761	576,682	.....	.....	.....	.....	.....	(1) The weather and rainfall conditions have generally been favourable. (2) The condition of the crop is good. (3-4) The sowings were normal and have been completed. (5) The crop is expected to be better than last year. (6) The increase in area sown is due to free supply of seeds and encouragements given by Messrs. Stewart & Co., of Balasore.	
Add for Cooch Behar.	936,460	527,000	14,000	20,000	Little remains from the crop of 1910.	845,439	1878 and again partially checked during 1889-92.	Not ascertained.	During April.	(1) Not quite favourable. (2) Fair. (3) Normal. (4) Completed. (5) Better than the crop of last year. (6) Increase chiefly due to a favourable late rice crop and to a rise in the price of jute towards the end of last year.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JUNE 1911.

I. *Character of the season.*—Rainfall was general over the province, the fall being slightly below the average in Midnapore, Hooghly, Howrah, the 24-Parganas, Khulna and Saran, and in excess in the rest of the province. The excess was well marked in Murshidabad, Monghyr, Bhagalpur, the Sonthal Parganas, Angul, Hazaribagh and Palamau The statement showing the rainfall in different districts during the month under report is appended.

II. *Progress of agricultural operations.*—Preparation of lands and the sowing of paddy and jute continued, Weeding of jute was in progress. Transplantation of winter rice commenced in some districts towards the end of the month. More rain was needed in the beginning of the month for ploughing and sowing in parts of Howrah, Darbhanga, Bhagalpur, Purnea, the Sonthal Parganas and Puri, but later sufficient rain fell. There was very heavy rain in parts of Nadia, Bhagalpur, Purnea, the Sonthal Parganas, Angul and Hazaribagh where agricultural operations were temporarily retarded.

III. *State of standing crops.*—Sugarcane, jute and other standing crops were generally doing well.

IV *Prospects and probable outturn of harvests.*—Prospects of the standing crops are on the whole favourable.

V. *Damage to crops.*—Heavy rainfall and floods during the second half of the month did some injury to standing crops in parts of Murshidabad, Shahabad, Cuttack and Angul.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was on the whole good. Some loss of cattle by floods was reported from parts of Murshidabad. Cases of cattle-disease were reported from Midnapore. Howrah, Nadia, Murshidabad, Jessore, Patna, Champaran, Muzaffarpur, Darbhanga, Purnea, the Sonthal Parganas, Angul, Sambalpur, Hazaribagh, Ranchi, Palamau and Manbhum.

VII. *Failure of pasturage and fodder.*—Fodder was reported to be insufficient in parts of Murshidabad on accounts of floods. The supply of water was sufficient throughout the province.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the price of rice rose in eleven and fell in six districts. It varied from 10½ seers a rupee in Hooghly, 24-Parganas and Calcutta to 17½ seers in Angul.

IX. *Condition of agricultural people.*—The condition of the agricultural people was good.

SUMMARY OF THE RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF JUNE 1911.

During the month of June rain fell in all the districts of the province. With the exception of Midnapore, Hooghly, Howrah, 24-Parganas, Khulna and Saran, where the fall was below the average, it was well above the average everywhere. The excess was greatest in Birbhum, Murshidabad, Monghyr, Bhagalpur, the Santhal Parganas, Angul, Hazaribagh and Palamau, where the departure from normal was +5·80, +9·05, +8 70, +7·01, +9·64, +8·43, +12·59 and +13 05 inches, respectively.

On an average South-West Bengal received 11·50, Bihar 10·59, Orissa 14·52 and Chota Nagpur 11·86 inches of rain. Expressed in percentage figures, in South-West Bengal the fall was 107 per cent., in Bihar 121 per cent., in Orissa 150 per cent., and in Chota Nagpur 128 per cent. of normal. The total rainfall from January to June was 97 per cent. in South-West Bengal, 100 per cent. in Bihar, 120 per cent. in Orissa and 102 per cent. in Chota Nagpur.

Department of Agriculture, Bengal,
Calcutta;
The 17th July 1911.

W. B. Heycock,
Director of Agriculture, Bengal.

The following table compares the rainfall in the four divisions during the month of June 1911 with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total rainfall of the past six months of the year 1911:—

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 2086.—The 20th July 1911.—In exercise of the powers conferred by sections 31 and 41 of the Indian Forest Act, 1878 (VII of 1878), and with the previous sanction of the Governor General in Council, the Lieutenant-Governor in Council is pleased to make the following rules for the Protected Forests in the district of the Sonthal Parganas, in supersession of all rules heretofore made under those sections for those Forests.

Sonthal Parganas.

J. G. CUMMING,
Secy. to the Govt. of Bengal.

1. In these rules—

(*1*) "bazars" means such areas containing shops and homesteads of non-agriculturists as may from time to time be locally notified as such by the Deputy Commissioner;

(*2*) "minor forest produce" means forest produce other than trees and timber (including fuel), in respect of the purchase of which a royalty is payable under these rules; and

(*3*) "*jhuming*" means the system of cultivation which consists in felling the forest on a selected area, burning the cut material, and sowing one or two crops in the ashes and then, after reaping, leaving the area to lie fallow for a number of years before re-cultivation.

2. No person shall cut, fell, convert, collect or remove trees or timber, or collect, introduce, remove, sell, purchase or barter forest produce, or pasture cattle, or clear or break up land for cultivation, or shall cause any of such acts to be done, except as provided by these rules.

3. All occupiers of Government land outside the limits of bazars who are resident within the Damin-i-Koh Government Estate, except such as pay rent for their homestead lands, may fell, convert and remove to their homes, but only for their own private use, and not for sale, gift or barter,—

(*a*) free of charge, all trees and timber of an unreserved species and all other forest produce whatsoever—

(*i*) in Sonthal villages and such Paharia villages as have been settled—within the limits of the village in which they reside; and

(*ii*) in other Paharia villages—within the areas from which by custom they are entitled to be supplied.

(*b*) trees and timber of a reserved species,—on payment of a royalty equivalent to half the royalty prescribed for the time being in respect of the purchase of such trees and timber, and with the written permission of the officer in charge of the Sonthal Parganas Forest Division (hereinafter called "the Forest Officer")—within the areas specified in clause (*a*).

4. Village artizans, such as potters, blacksmiths, and the like, following, outside the limits of bazars, some trade for which an unusually large supply of fuel is necessary, may be granted an annual license by the Forest Officer to remove fuel of any of the unreserved species from any protected forest within the Estate, on payment of a fee of Re 1 (one rupee), or such other fee as may be fixed from time to time by the Local Government.

5. (*1*) Occupiers of Government land outside the limits of bazars, except those who pay rent for their homestead lands, may, within the limits of the village within which they occupy land, clear and break up land for the cultivation of *lac* and *tussar*, and may collect and remove for sale or barter all forest produce except trees, timber, and minerals.

(*2*) Residents in bazars and persons not resident in the Damin-i-Koh may be granted a permit by the Deputy Commissioner to clear and break up land for the cultivation of *lac* and *tussar*, and to cut, collect, and remove for the purpose of sale or barter any specified forest produce other than trees, timber, and minerals. For such permit an annual fee not exceeding Rs. 10 (ten rupees), or such other fee as may be fixed from time to time by the Local Government, may be charged.

6. Paharia raiyats may, within the villages in which they reside, cut, fell, convert, collect, or remove for sale or barter, trees and timber of an unreserved species: provided that green trees which are over two feet in girth at a height of four feet from the ground shall not be cut without the permission of the Forest Officer.

7. Except as provided for in rule 11, all forest produce which under these rules is allowed to be sold or bartered, shall be sold or bartered at an authorized *hât* or at a toll station established by the Forest Officer with the permission of the Deputy Commissioner in connection with such *hât*, and it shall not be removed by the purchasers from such *hât* or toll station except on payment of such royalty as may be prescribed for the time being.

8. (*1*) Persons desirous of purchasing minor forest produce, for purposes of trade, from forest *hâts* or toll stations, and from persons authorized to sell or barter it under these rules, shall be obliged to take out a license from the Forest Officer in the form annexed to these rules.

(*2*) There shall be a separate license for each class of forest produce and for each *hât*, or toll station, in which the licensee desires to trade. Each license shall be current for one year, unless it be revoked before the expiration of that period, and a fee of Re. 1 (one rupee), or such other sum as may be fixed from time to time by the Local Government, shall be charged on its issue

(*3*) The payment of royalty on *sabai* grass shall be regulated by special rules prescribed by the Local Government.

9. The number and location of the authorized *hâts*, or toll stations established in connection therewith, as well as the scale of royalties which shall be there levied in respect of the purchase of forest produce, shall be fixed from time to time by the Deputy Commissioner in consultation with the Conservator of Forests under such rules as the Local Government may prescribe. Such consultation shall be necessary only as regards that portion of the estate in which the forests are under the management of the Forest Department.

10. *Jhuming, locally known as Kurao.*—(*1*) Paharia raiyats of Government may *jhum*—

(*a*) in unsettled areas,

(*b*) in settled villages in the areas which have been set apart for the purpose by the Settlement Officer.

(*2*) Trees over two feet in girth measured at four feet from the ground shall not be cut in the process of *jhuming* without the written permission of the Forest Officer.

(*3*) Timber cut in the process of *jhuming* shall be at the disposal of the person cutting it; but if it is sold, it must be sold in accordance with the provisions of rule 7 or to a person licensed under rule 11.

11. Within that portion of the Estate in which the forests are managed by the Deputy Commissioner an annual permit, in such form as may be prescribed by the Local Government, may be granted to occupiers of Government land outside the limits of bazars to purchase for their own use, at places other than authorized *hâts* or toll stations, timber cut by the Paharias in the process of *jhuming*. For such permit a fee not exceeding 8 annas shall be charged

12. No person shall do any of the following acts, namely:—

(*a*) cut the stem of any standing tree at a height exceeding one foot from the ground;

(*b*) cut up into fuel or fencing material or otherwise damage any timber of a reserved species which could be more profitably used;

(*c*) injure any tree of the reserved species;

(*d*) manufacture charcoal from trees of a reserved species, except in localities previously approved by the Forest Officer; or

(*e*) hunt, shoot, or fish in contravention of the rules on these subjects in force for the time being.

13. (*1*) *Bonâ fide* cultivators of Government land may graze, free of charge, the cattle kept by them for their own household or agricultural requirements on any forest land within the limits of the village in which they reside. The grazing of all other cattle is prohibited:

Provided that where, by custom, *bonâ fide* cultivators of Government land at present graze their cattle within the limits of an adjacent village to that in which they reside, they may continue to do so:

Provided also that cattle which are the property of residents other than cultivators of the Government Estate and which, in the opinion of the Deputy Commissioner, are necessary for local requirements, may be allowed to graze in the protected forests within such limits as may be prescribed by the Forest Officer, on payment of such grazing fees as may be fixed from time to time by the Local Government.

(*2*) Goats and sheep shall not be pastured except in areas set apart for that purpose: provided that if in any locality there is insufficient waste land to make it possible to set apart a particular area for this purpose, the Deputy Commissioner may, after consultation with the Forest Officer, permit such pasturing generally in such locality except in such parts thereof, if any, as it may be considered essential to maintain clothed with tree-growth.

14. No person shall introduce into the Damin-i-Koh Government Estate any forest produce without a pass granted by the Forest Officer. All forest produce introduced into the Estate under this rule shall be sold at an authorized *hât*, and the purchaser thereof shall pay such royalty as may be prescribed for the time being.

15. The Deputy Commissioner may, in consultation with the Forest Officer, grant written permission to break up or clear for cultivation land which is protected forest and which bears trees of a reserved species. Such consultation shall refer only to that portion of the estate in which the forests are under the management of the Forest Department.

16. No royalty shall be levied on bamboos except those grown in the area known as the "old reserve": provided that no royalty shall be levied on bamboos of the cultivated species grown within that area by raiyats on their own holdings.

17. At every authorized forest *hât* or toll station, a legible vernacular notice shall be exhibited showing the rate of royalty leviable on each article liable to royalty.

18. Nothing in these rules shall be deemed to prohibit any act which occupiers of land in any village are allowed to perform by the record-of-rights prepared for that village by a Settlement Officer.

No. 2831—42.

Extract (paragraphs 1 and 2) from the proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

The 25th July 1911.

No. 80 Marine.—The following Resolution by the Government of India, Commerce and Industry Department, directing the insertion of additional stipulations in the form of lascar agreement, is republished for general information.

T. BUTLER,
Secy. to the Govt. of Bengal.

No. 5298-5304—5, dated the 14th July 1911.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

THE Government of India have had under consideration the question of making provision in the form of lascar agreement for enabling the transfer of lascars between vessels lying at different ports in the United Kingdom. After consulting the Maritime Local Governments concerned on the subject, the Governor-General in Council is pleased to direct that the following additional stipulations shall be substituted for the second additional stipulation at the foot of the first page of the form of lascar agreement prescribed in Finance and Commerce Department Resolution No. 1096S.R., dated the 25th March 1903, as amended by the Resolution in the Department of Commerce and Industry, No. 4352-4358—27, dated the 6th June 1906:—

"Additional stipulation which must be entered into and signed by the crew in the event of an agreement of the nature specified by section 125 of the Merchant Shipping Act, 1894:—

And the said crew agree on arrival at any port in the United Kingdom to enter into a further agreement, approved in the manner prescribed in section 125 (3) of the Merchant Shipping Act, 1894, to serve as seamen in any ship which may happen to be at any port in the United Kingdom and to be bound to any port in British India, provided that, in the case of transfer from a ship in one port to a ship in another port, the crew shall not suffer any loss of wages nor shall they be called upon to pay the cost of conveyance or other expenses incidental to such transfer."

"Additional stipulation which must be entered into and signed either by the owner of the vessel, or by the master in his behalf:—

I hereby further agree that, in the event of discharge at a port not in British India and not in the United Kingdom, if the employment offered to the said lascars or other natives whose names are subscribed on the other side of this sheet is in a ship sailing from a port in the United Kingdom, or in the event of a transfer from a vessel at the port of arrival in the United Kingdom to a vessel at any other port in the said United Kingdom, then in either of those cases I will provide and pay in advance to the said lascars or other natives the charges to which they may be put on account of the journey to such port, and their wages for the time during which they may be in transit, and make good to them any loss or damage which they may suffer in transit, and I further agree that they shall be transferred only on the terms of an agreement approved in the manner prescribed in section 125 (3) of the Merchant Shipping Act, 1894, and otherwise in accordance with the terms of that sub-section, and that the fee or fees for such approval shall be paid by me.

Owner or Master."

The 25th July 1911.

No. 81 Marine.—In accordance with the provisions of section 18 of the Calcutta Port Act, 1890, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to authorise the Commissioners for the Port of Calcutta to raise a Debenture loan of twenty lakhs of rupees, bearing interest at a rate not exceeding 4 per cent. per annum and repayable in 30 years, for the construction of works necessary for carrying out the purposes of the Act.

Municipal and Local.

NOTIFICATIONS.

No. 883M.—The 21st July 1911.—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Lieutenant-Governor in Council is pleased to appoint Munshi Muhammad Imam Ali to be a Commissioner of the Asansol Municipality, in the district of Burdwan, *vice* Babu Sashi Bhusan Raha, deceased.

Burdwan

No. 887M.—The 19th July 1911.—The following draft of rules which have been framed by the Commissioners of the Ranchi Municipality, under sections 237 (2) and 241 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884) and which the Lieutenant-Governor in Council proposes to sanction under clause (2) of section 241, is published for the information of persons likely to be affected thereby.

Ranchi.

2. The draft rule will be taken into consideration on the 28th August 1911, and any objection or suggestion received by the undersigned through the Magistrate before that date will be duly considered.

H. Wheeler,
Secy. to the Govt. of Bengal.

Draft rules made under sections 237 (2) and 241 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), for the Ranchi Municipality.

1. The following rules apply to houses not being huts. Huts, as such, are governed by sections 243 and 244 of the Act.

2. Any powers of the Chairman under these rules can be delegated by him to the Vice-Chairman.

3. (1) No house to abut on a street shall be erected on any site, unless the site is of such a shape that the line of frontage of the house can be made parallel to the line of frontage of neighbouring houses, or as nearly parallel to that line as the Chairman may consider practicable. Condition as to use of house sites.

(2) No piece of land shall be used as a site for the erection of a public building or a dwelling house, unless the site is certified by the overseer to be dry and well drained, or to be capable of being dried and well drained, in which latter case instruction should be furnished to the applicant as to what improvements are necessary before a certificate can be granted. It rests with the Chairman to decide in each case whether any certificate is necessary at all.

Height.

4. If a house is situated at the side of a road, no portion of the house shall be higher than the distance from its base to the opposite side of the street.

(1) *Explanation.*—If a house be placed at the edge of a road, its height must not exceed the width of the street; but if the house or one or more of its stories be set back, the height of the house may be increased as much as the basement of the portion set back is distant from the adjoining edge of the road.

(2) In the case of any house which is re-erected in a road in existence at the time when these rules come in force which is less than 25 feet wide but more than 20 feet, the proportion of height to width may be as five to four up to a limit of 25 feet.

(3) Notwithstanding anything contained in sub-rule (1) or sub-rule (2), the Chairman may give permission for building houses in the cases of roads or lanes of less than 20 feet wide after personal inspection in each case

(4) If a house is situated on a corner plot, the height of the house shall be regulated by the wider of the intersecting streets.

Level of floor.

5. The level of the ground or lowest floor of every house erected or re-erected from ground level shall be not less than two feet above the nearest road

Projections.

6. No part of any house shall project over or under any road or drain.

7. On the side of any existing road no house shall be allowed to be built or rebuilt beyond the existing alignment of the houses in that road, and where there is no alignment, beyond such a line as may be fixed by the Commissioners in a meeting.

Distance between building line and street alignment.

8. In any road laid out after these rules come into force in which continuous building is allowed, the distance between the building line and the street alignment shall not be less than six feet.

"Building line" means a line (in the rear of the street alignment) up to which any portion of a building abutting on a street may extend.

Water-spouts.

9. Water-spouts should be so arranged as to discharge water into a municipal drain or on to land belonging to the proprietor of the house to which the water-spouts are attached; provided that no spout shall be so constructed as to discharge its contents into a municipal drain from a height more than one foot from the edge of the drain.

Application for the erection or re-erection of a house.

10. Every notice under section 237 of the Bengal Municipal Act for the erection or re-erection of a house must be made in writing on a printed form (to be supplied free of charge by the Chairman), and must contain the following information:—

(*a*) The position of the site.

(*b*) The circle and number of the site assigned to it in the assessment book.

(*c*) A plan of the site drawn to a scale of not less than 50 feet to an inch, showing its boundaries, position in relation to neighbouring roads, and the position on the site of the proposed building.

(*d*) Drawings on a scale of not less than eight feet to an inch, showing a ground plan, two sections, and an elevation of the proposed building. On this drawing must also be shown all proposed drains, privies and cess pools.

(*e*) Purpose for which the building is intended.

(*f*) The notice and all drawings and plans must be signed by the applicants.

No. 899M.—The 20th July 1911.—In exercise of the power conferred by section 351 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council is pleased to confirm the following by-laws framed by the Commissioners of the Khagole Municipality, in the district of Patna:—

Patna.

BY-LAWS FOR THE KHAGOLE MUNICIPALITY.

DEFINITIONS.

In these by-laws—

(*1*) "carriage" includes also a motor-car and a cycle; and

(*2*) "cattle" means cattle as defined in section 3 of the Cattle-trespass Act, 1871 (I of 1871).

REGULATION OF TRAFFIC, AND PREVENTION OF OBSTRUCTIONS, ENCROACHMENTS AND NUISANCES ON OR NEAR ROADS.

2. No person shall take or drive any carriage or cart over a road or part of a road while it is closed under section 201 of the Bengal Municipal Act, 1884.

3. No owner of any carriage or cart shall allow it to be driven on any road by a driver under fourteen years of age.

4. No driver shall drive or have in his charge on any road more than one carriage or cart, except two carts one of which is securely fastened to the cart preceding it.

5. Except on bright moonlight nights, no person shall, between dusk and dawn,—

(*a*) drive any carriage (including an "ekka" with springs—"tum-tum," but not including a cycle or a motor-car) unless it carries two conspicuous lights, one on each side, or

(*b*) drive any cart (including an "ekka" without springs) unless it carries a conspicuous light on the right hand side, or

(*c*) drive any cycle (including a motor-cycle) unless it carries a conspicuous light in front and has attached to it a bell or other signal in good order, or

(*d*) drive any motor-car unless it carries two conspicuous lights, one on each side of the front of the car, and has attached to it a bell, horn or other suitable signal, or

(*e*) drive any elephant or camel, unless it is accompanied by a conspicuous light, or

(*f*) convey any palanquin unless it carries a conspicuous light.

6. Any person driving a cart or carriage on any road shall, when passing another vehicle coming from the opposite direction, keep to his left, and shall, when overtaking another vehicle, keep to his right.

7. No person shall drive upon a road any cart laden with iron girders, rails, beams, "bullas", bamboos, planks or other materials of a similar character unless the cart be accompanied also by another person.

8. No person shall, after dusk and before dawn, drive upon a road any cart laden with iron girders, rails, beams, "bullas," bamboos, planks, or other materials of a similar character which exceed 12 feet in length and project beyond the cart.

9. No person shall drive upon a road any cart laden with bricks, stones or other materials of a similar character unless such materials be so secured that they cannot fall on to the road.

10. No person shall convey on any road bamboos or timber placed on the back of any animal in such a way that any portion of such bamboos or timber touches the ground.

11. No cart shall carry a load in excess of 22 maunds on any road, without the previous permission of the Commissioners.

12. No person shall drive any vehicle across a public drain in or near any road so as to cause damage to such drain.

13. No person shall, without the general or special permission of the Commissioners in writing, take an elephant or camel along any road:

Provided that this by-law shall not apply to elephants or camels covered by a license referred to in section 133 of the Bengal Municipal Act, 1884

14. No person shall allow any elephant in his charge to go over any bridge on any road, unless the bridge be constructed of arched masonry.

15. (*1*) No person shall drive upon a road, at the same time, more than two pack animals, whether loaded or unloaded.

(*2*) Any person driving pack animals upon a road shall lead them along one side of the road, keeping to his left and leaving the middle of the road free of obstruction.

16. No person shall wilfully ride, drive or lead any cattle upon any footpath or causeway made or set apart for the use of foot-passengers.

17. No person shall, without the written permission of the Commissioners, deposit any moveable property, or make any excavation, on any road, or enclose any road or any part thereof.

18. No person shall deposit, or cause to be deposited, on the side of any road, or in or on the side of any public drain in or near any road, any substance or thing which would cause obstruction to such road or drain.

19. No person shall, without the special permission of the Commissioners, obstruct or cause to be obstructed any road in any bazar by placing anything thereon.

20. No person shall place or spread any "khatia" or "takhtaposh" or any bed of any description on any road, or on the side of any road:

Provided that, in the hot weather [during the months of April to June (both inclusive)] between the hours of 10 P.M. and 4 A.M., "khatias" may be laid on the side of a road if they do not cause obstruction or danger to passengers and are not likely to cause accidents to carriages or animals passing along the road.

21. No person shall set up a stall over any public drain in or near any road, or upon any culvert, bridge or platform over any such drain.

22. No person shall plant a tree on any road, without the written permission of the Commissioners.

23. No person shall, without the previous permission of the Commissioners, remove turf or cut grass from any road or the slopes thereof.

24. No person shall sit or sleep on any road so as to obstruct traffic.

25. No person shall affix or cause to be affixed to any house or other building owned or occupied by him any spout or other thing intended for the conveyance and discharge of water in such a way that the water discharged therefrom is thrown or falls upon a road.

26. No person shall convey sewage or offensive matter by any road otherwise than—

(*a*) in a closely-covered receptacle of such description and pattern as shall be prescribed from time to time by the Commissioners at a meeting, and

(*b*) between such hours as the Commissioners may from time to time prescribe at a meeting.

27. No person shall abandon, or intentionally or negligently let loose or allow to get loose, any cattle, or poultry, on or near any road.

28. No person shall, on or within sight of any road, kill, or clean the carcass of any poultry.

29. No person shall fly a kite or play any game on any road.

30. No keeper of a country-liquor shop or seller of toddy (palm or date juice) shall allow his customers to sit, or drink liquor or toddy, on any road or part of a road which is adjacent to his shop.

Letting off of Fire-arms, Fireworks, etc.

31. No person shall let off any fire-arms, fireworks, fire-balloons or bombs on or within one hundred yards of any road, without the written permission of the Commissioners.

Regulation of Use of and Prevention of Nuisances in regard to, Public Water-supply, Bathing and Washing places, Channels, Tanks and Wells.

32. No person shall throw, deposit or discharge any rubbish, sewage or offensive matter into any channel, canal or drain or any well which is used by the public.

33. No person shall bathe, or wash clothes, utensils or any other article, or wash any animal, within a distance of ten feet from the lowest platform of any public well.

34. A person cleansing a channel, tank or well shall not leave any weeds or offensive matter taken therefrom on the slopes or banks or near the margin of the channel, tank or well, but shall remove the same altogether within three days.

35. Except with the permission of the Commissioners, and under such conditions as they may from time to time prescribe, no person shall use any well or stand-pipe, belonging to the Commissioners, for any purpose other than drawing water—

(*a*) for drinking on the spot, or

(*b*) for carrying away for domestic purposes.

36. No person shall use any public drinking trough except for watering cattle.

37. No person shall steep in any tank or ditch any jute, hemp or other vegetable matter likely to render the water offensive or noxious to the neighbourhood.

38. The owner of every well which is a source of public water-supply shall construct a masonry platform and drains to prevent the surface water falling into the well or stagnating in its vicinity.

39. Every owner or occupier of any part of the bank of any nalla, channel, tank, or well which is a source of public water-supply shall keep such bank free from filth, dense vegetation or other obstruction, and shall at all times allow the Commissioners, or any of their servants duly authorized in this behalf, to have access to such nalla, channel, tank or well for any purpose of public conservancy.

Disposal of Sewage, Offensive Matter and Carcasses of Animals, and Management of Drains.

40. No person shall deposit night-soil in any place not approved by the Commissioners for the purpose.

41. Every owner or occupier of any house, land or premises from which sewage or offensive matter is not removed by such owner or occupier shall give free access to the servants of the Municipality for the removal thereof within such hours as may have been fixed by the Commissioners.

42. Every owner or occupier within whose premises any animal dies shall, within six hours after its death, or, if the death occurs at night, then within six hours after sunrise, either remove the carcass, at his own expense, to such place as may be set apart by the Commissioners for the disposal of such carcasses, or report the death to the Conservancy Overseer.

43. No person shall construct or place over, or by the side of, any public drain, any bridge, platform, balcony, building or structure of any kind, except with the written permission of the Commissioners and in such manner as they may direct.

Disposal of Corpses.

44. No person, while conveying a corpse, shall, except for the purpose of ordinary relief, or for a religious purpose, deposit it on or near any road.

45. No person shall, without the consent of the Commissioners, dispose of any corpse otherwise than by burying or burning it.

46. No person shall in any burial-ground bury or cause to be buried any corpse in a grave constructed of masonry unless the top of the coffin, or (if no coffin is used) the corpse, is placed at least six feet below the surface.

47. No person shall, in any burial-ground, bury, or cause to be buried, any corpse in a grave not constructed of masonry, unless the grave is at least six feet deep.

48. No person shall, in any burial-ground, build or dig, or cause to be built or dug, any grave, at a distance of less than three feet from any other existing grave.

49. No grave once used shall be opened for the burial of another corpse without the written permission of the Commissioners.

50. No person shall carry a corpse or part of a corpse through any road, unless it be decently covered and totally concealed from view.

PREVENTION OF NUISANCES AFFECTING THE PUBLIC HEALTH, SAFETY OR CONVENIENCE.

51. Every owner or occupier of a meat, poultry, fish or vegetable shop, or a market, bazar or slaughter-house, shall keep the same in a cleanly condition.

52. No person shall, without the permission of the Commissioners, picket animals, collect carts or form any encampment on any public ground not set apart for the purpose.

53. No person shall retain, purchase or sell clothing found on the dead body of a person who has died from small-pox, plague, cholera or any other infectious disease.

54. Every owner or driver of a carriage which has conveyed a person suffering from small-pox, cholera, plague or any other infectious disease, or a corpse, shall, before using the carriage again, disinfect it with such disinfectants as the Commissioners may from time to time prescribe.

REPORT OF DISFIGUREMENT, ETC., OF TICKETS.

55. When a ticket showing the number of the holding on the register and the circle within which the holding is situated has been affixed to a holding by the Municipal authorities, and the same is disfigured, obliterated or removed, the owner or occupier of the holding shall, within two weeks from the time at which he becomes aware of the fact, report the matter to the Vice-Chairman.
